Gene -
Good luck in the
future in whatever you
do! I enjoyed being in the same
English class as you.
Dave Hushon

Gene, I hope
you've had fun in
English this year. Good
luck in the years to
come. As ever, J. Lynn

Gene,
Best wishes in all
your future life.
Hope you have a
great summer.
Good luck in all
you do.

See ya.
Elaine

Gene,
Good luck
always & have
fun wherever
you go. May
the Lord above
watch over you
always,
Jammy
Stone

Gene,
Good luck in
the future years.
Have a nice summer.

Gene,
I really can't
think of any-
thing to say so
good luck. It
was nice having
Spanish together
Good luck!
Have fun this
summer!

Reach out!
 Be concerned!
 What is happening to our school ?
 our community?
 our world?
 Apathy is at its highest point
 ever at Miguel.
 Is this a general trend
 all over this country?
 Look at these pictures.
 These are general pictures
 summarizing the whole year
 at Miguel.
 Will next year be better or worse ?
 Will students become active again?
 Will ASB officers carry out
 their campaign promises?
 Will students form a union?
 Will everyone learn
 to cooperate with one another?
 This is a plea to reach out
 and be concerned.
 Become involved
 with the world around you.

"If you take a train with me
 Uptown through the misery
 Of ghetto streets
 in morning light,
 It's always night.
 Take a window seat
 and put down your Times;
 You can read between the lines.
 Just meet the faces
 that you find
 Beyond the window pane.

And it may begin to reach you
 why we give a damn about your
 fellow man. And it might begin
 to teach you why we give a
 damn about our fellow man."

Give a damn.

ALL OF THESE SCENES were taken in San Diego. Are you willing to reach out and help your fellow man?

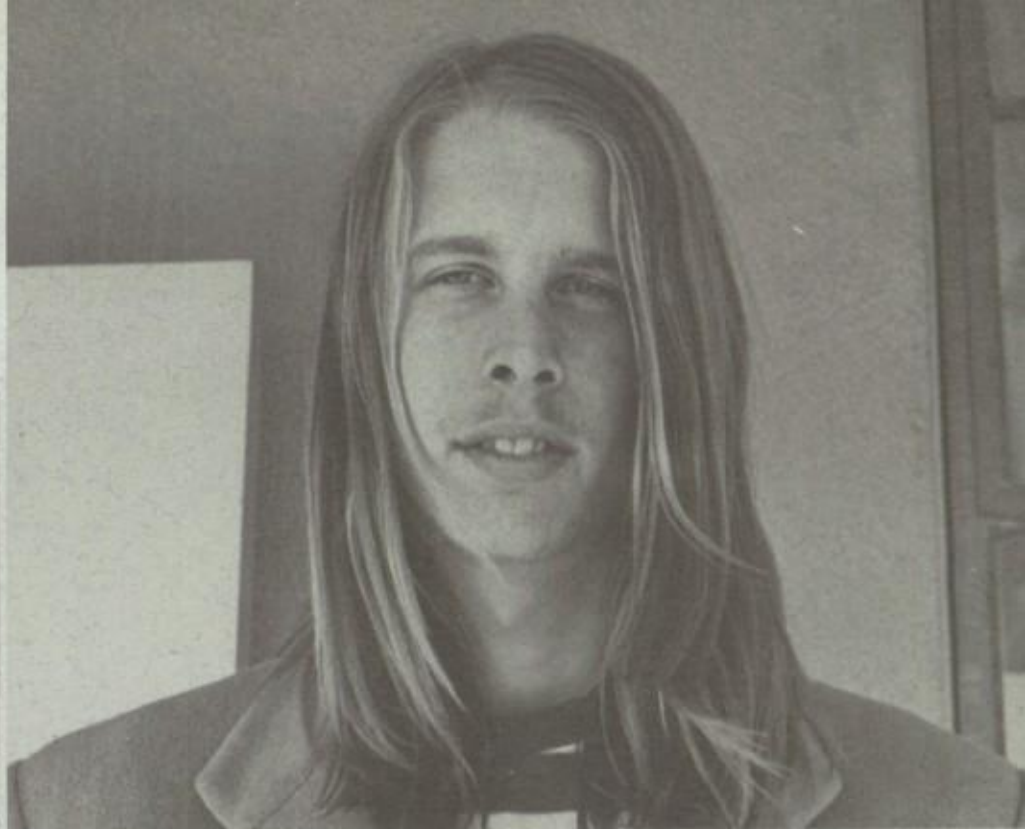

By wearing various types
of clothing and participating
in different activities,
the students at Mt. Miguel were

*Reaching out
in self-expression*

and silently displaying their views
on current issues.
With long or short hair, peace symbols,
and/or school books,
students established rapport
and tacit companionship
with other students
by expressing themselves
through their appearance.

Why is apathy reaching
greater heights? Maybe you
don't think apathy is
at it's peak as many people do.
Is it the fault of the
administrators, the school,
or the students?
Or can the fault be placed
at all? Is it a direct result
of double sessions?
Is it a type of incurable plague?
Is it a trend that is
sweeping the entire country?
Or is it just the high-g geared
generation we are living in?
Is there more to a student's
life than school?
Is there something lacking
in this present day
so-called education?
Are we learning or
being programmed?

Pat Price (below) appears to be conversing with his pet lizard as he actually prepares to kiss it. Bob Morrison (bottom) appears to be trying to walk a straight line as he staggers away from a chemistry test.

Concerned about the condition of their environment, many students began

Reaching Out

to each other and to their community for realistic plans and ideas to make their surroundings cleaner and healthier.

CATCHING FROGS (left) is all part of the fun of being in Pat Price and Charles Engberg's biology class. Here Mike King and Mike Dwyer demonstrate how it's done. The city dump?? (above) No, the mess above is actually a table in the senior homemaking class. This littered hall (below) is not really a typical scene at Mount Miguel. It's just locker clean-out on the last day of school.

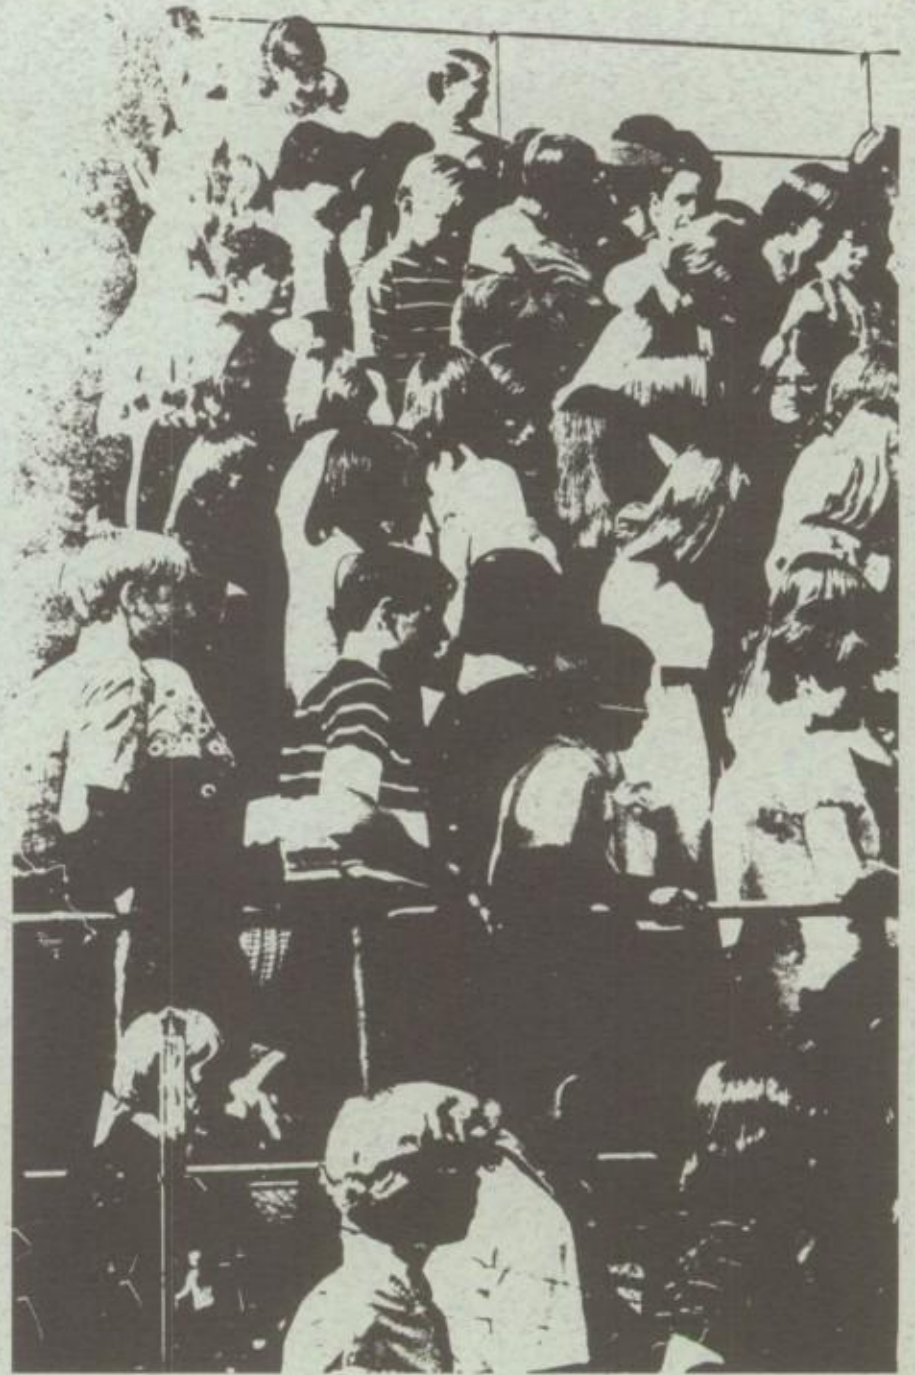

THE BANANA-EATING CONTEST (left) was one of the more popular contests offered during Homecoming Week. The Homecoming Assembly (below right) was attended mostly by enthusiastic freshmen and few alumni.

Planned to be interesting,
challenging, and enjoyable,

Homecoming

this year was greeted
largely by apathetic silence.
The planned events, however,
took place; a queen was selected,
a float parade took place
at halftime, and several
contests were offered.

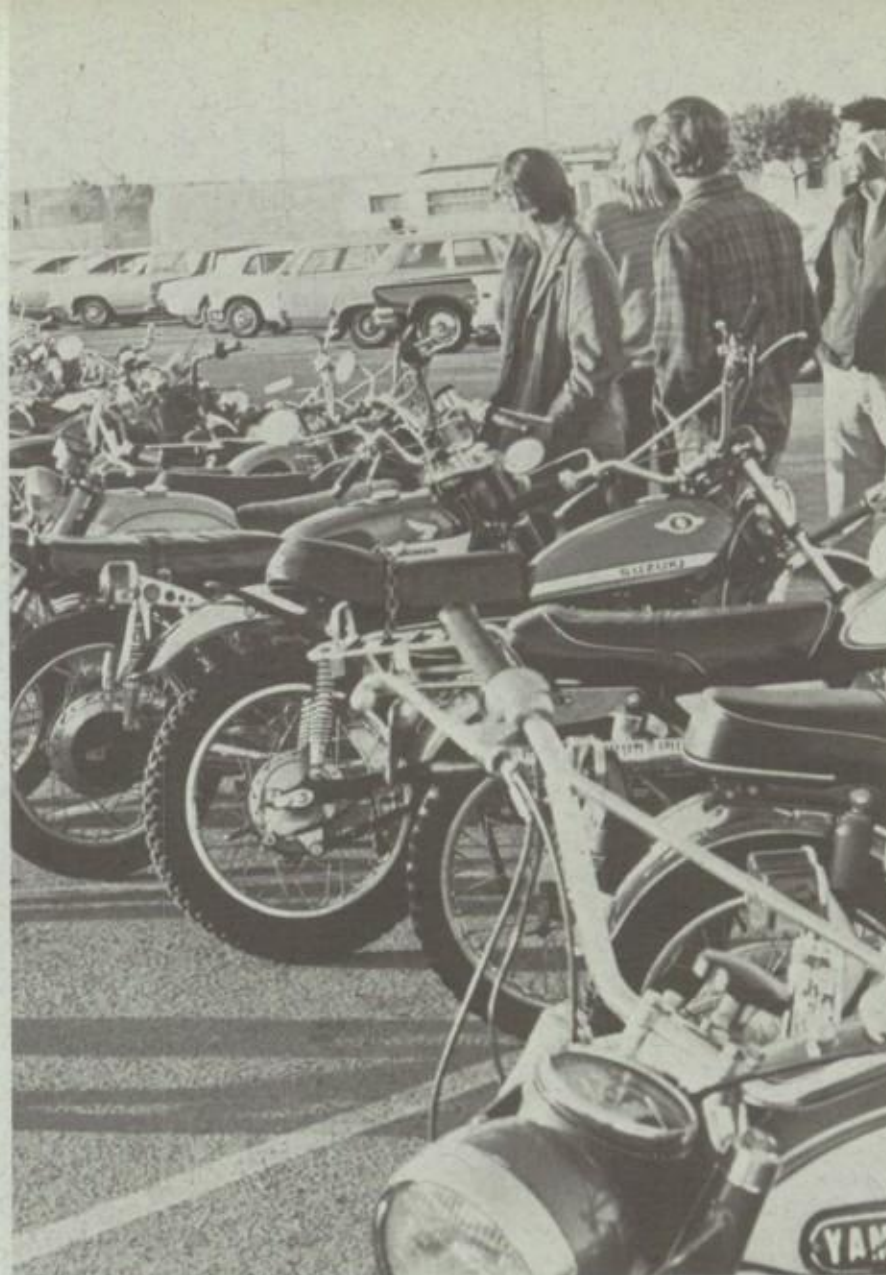

SULE OGUZ AND MAISU AHO (below left) receive Homecoming ribbons from Nancy Riley. Lynne Bellwood (below right) is assisted by her brother-escort as she steps from the car in the Homecoming parade.

THE MIGUEL MILITIA?? These men are "rent-a-cops" who are hired to keep the peace at school activities, such as football and basketball games.

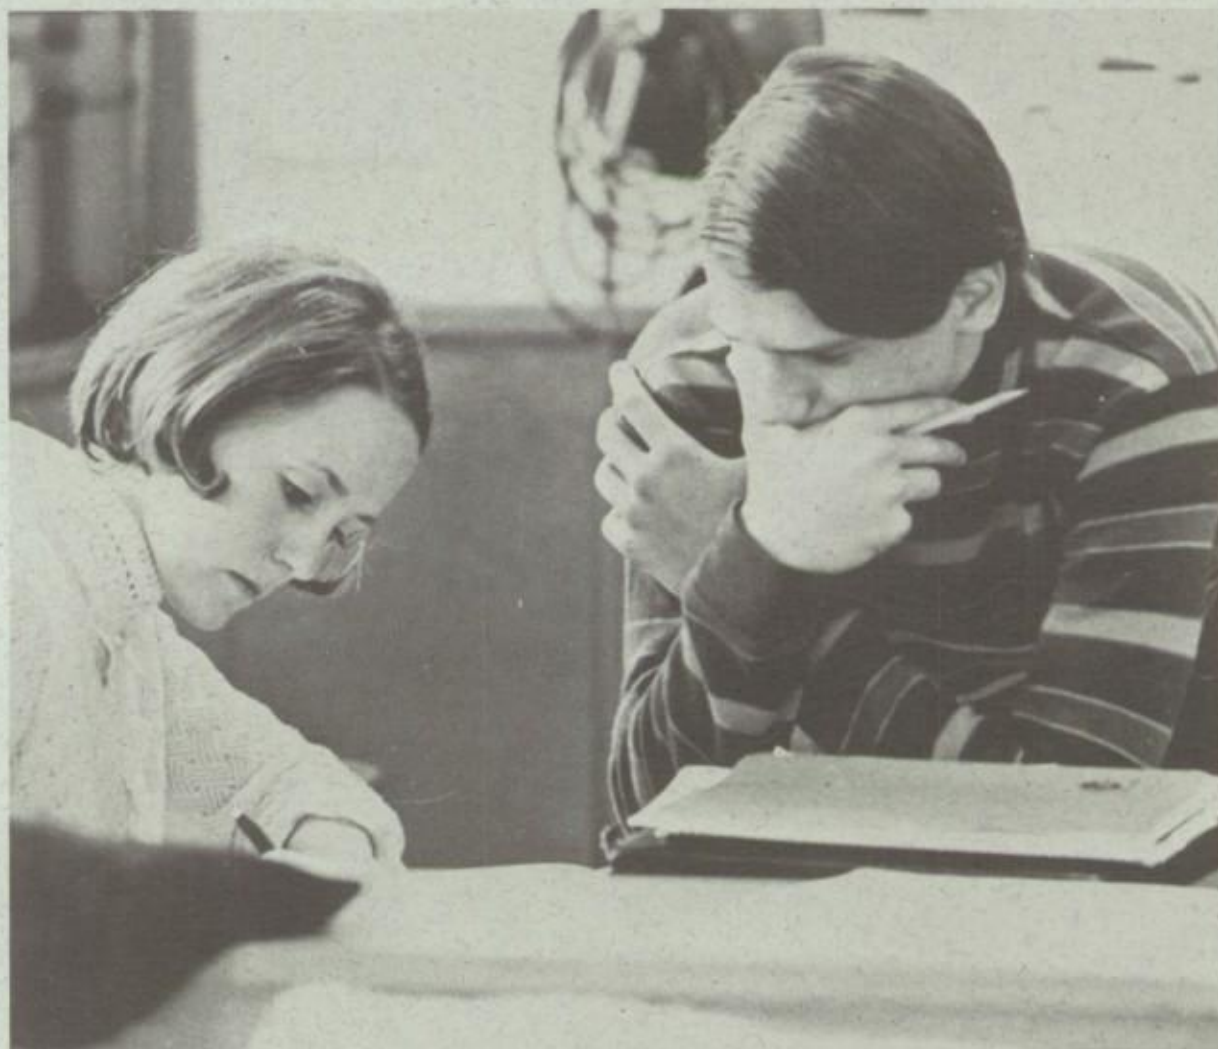

AN INCREASE IN THE MOTORCYCLE POPULATION at Miguel is evident by the long row of cycles in the faculty parking lot.

Despite the apparent effort to establish lines of communication between students and faculty, both sides experienced a lack of communication.

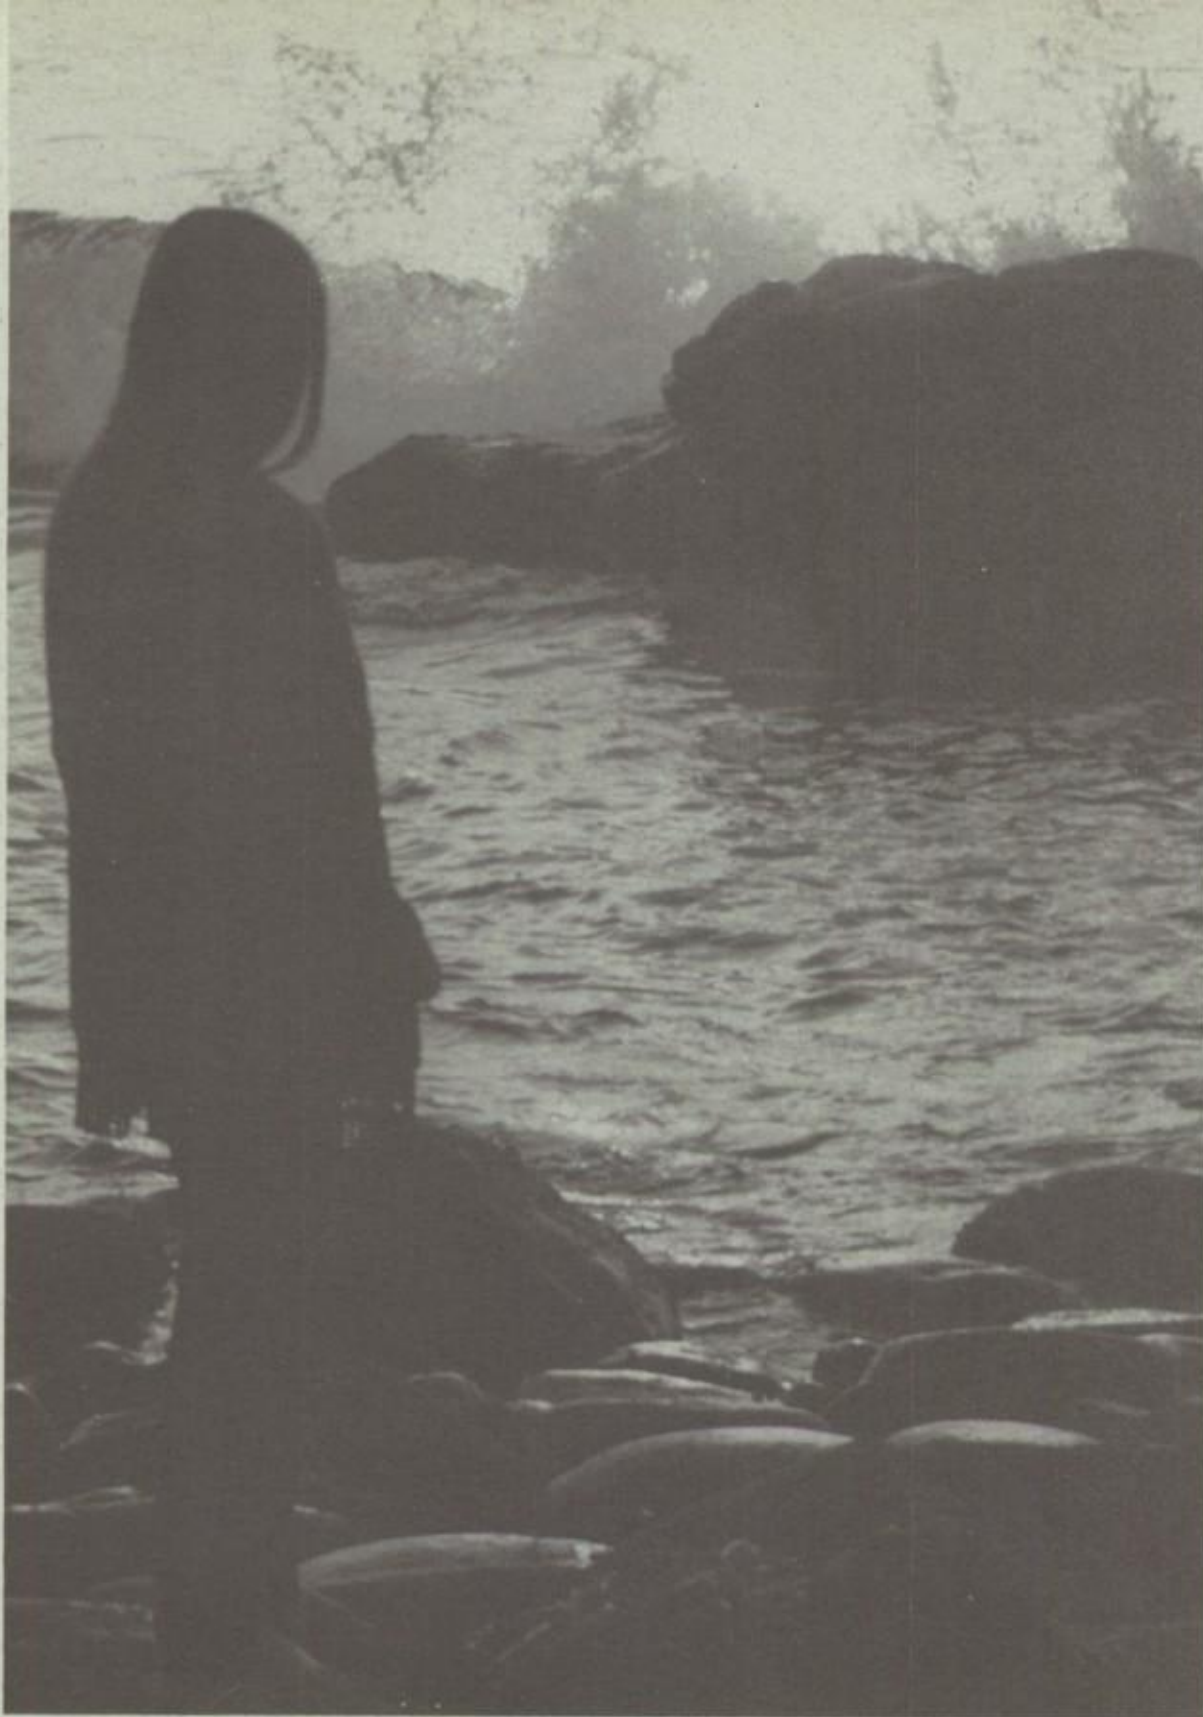

Reaching out

was not enough; too few were willing to give more of themselves.

The tension experienced this year because of weak communication was somewhat less severe, however, than that evidenced last year.

LONG HOURS OF HARD WORK AND CONCENTRATION are needed to complete yearbook pages, but these intent expressions don't show the hours of insanity that go with yearbook production.

SOLITUDE (above). You don't have to be by yourself to be alone. In the midst of 3,000 students at Miguel, many students feel very much alone. To understand and feel a belonging to others around you, one must reach out and communicate, as the poster (below) suggests.

IT'S HARD TO TELL WHAT CROSS-COUNTRY RUNNER JIM ALLEN IS THINKING as he waits for his race to begin.

MOUNT MIGUEL BAND MEMBERS (above left) show versatility as they perform before spectators at the Band Jamboree. A hush fell over the audience at the Christmas Concert (below) as Miguel's Ensemble performed by candlelight. Bursting through with high hopes, comes Miguel's football team (above right) cheered on by cheerleaders and Benchwarmers.

The good, bad, comical, and serious
events which take place on campus
are all part of

Student Life

Students planted trees on Earth Day,
and redecorated the ASB office
with new carpeting, while
Mt. Miguel's football team
"...ranked No. 1
on the SAN DIEGO EVENING
TRIBUNE'S Top Ten Loser's List."

LYNNE MCKEE (above) rests with her friends on the Walk for Mankind. Max Keyte (above right) watches ASB members unroll new carpeting. A Miguel student (right) helps plant a tree on Earth Day.

Searching for better ways
to express their opinions
and relate to their surroundings,
many students were, in a sense,

Reaching out

and discovering the narrow scope
of opportunities offered at school.
Unless they were "programmed"
into the ways of the school,
students were not content
to merely go through the motions.

SILHOUETTED against the quad lights on one of the many foggy evenings at Miguel, this couple represent tranquility, a state which is rare at Miguel.

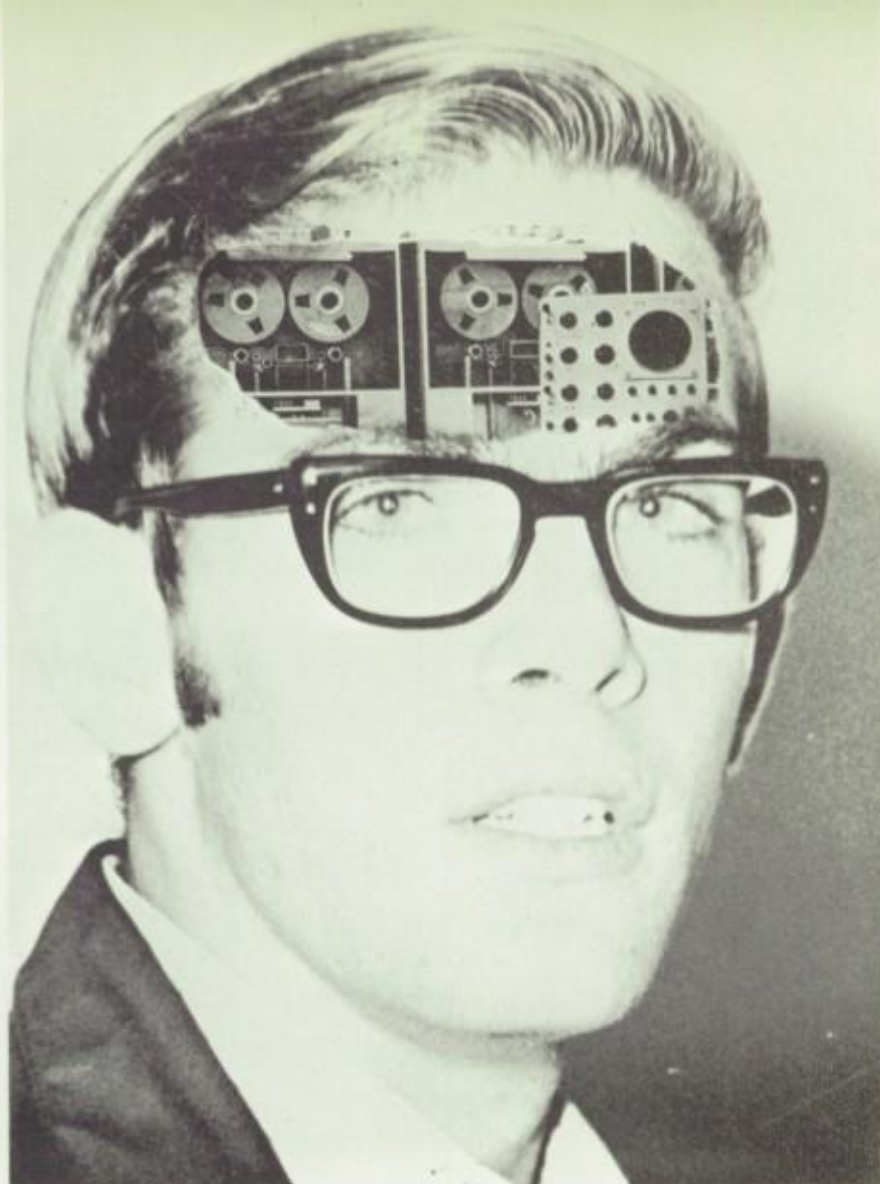

RUNNING AND REACHING OUT (above) are Gina Cordova and Dave Balsley as they run down the steps at Mount Helix. Wayne Gillem (right) enjoys the scenery from the bottom up.

ROWS OF LOCKERS (above left) stretching into endless oblivion, a symbol of our overcrowded system? Are we being programmed (above right) at Miguel, or are we being taught to think?

Coach Cipranic makes men out of boys.

A FISHEYE VIEW OF LAST YEAR'S NOMINATING CONVENTION gives a fairly complete picture of the activity involved. The convention aims to teach democracy in action by imitating the National elections.

Because of various problems
which influenced the response
of the student body, the
Student Government

had a hard year.
Double session schedules
which divided the students
into two groups

strongly restricted the actions
of Student Government.
They did manage, however,
to organize
the homecoming activities.

THE NEW MULTI-COLORED ASB CARPET was donated by Raffee's.

Although every girl at Miguel
was technically a member of

Girl's League

and was encouraged
to participate in the activities,
few girls showed any interest.

As a result,
Girls' League was not as effective
as it could have been.

It was, however, active
and sponsored a few activities.

These activities included
a rummage sale
and the Spring Ball.

A slumber party,
which was also sponsored
by the Girls' League,
was perhaps the most interesting
and had the largest attendance
of all the activities.

President Rosie Sison,
Vice-President Leslie Carlson,
Secretary Linda Littrell,
and Treasurer Tammy Stone
all helped Girls' League survive
despite the apathy
of Mount Miguel girls.

POTENTIAL MEMBERS of this year's hurdle crew (top) are instructed by Coach Brian Smith as to what their responsibilities will be and how to execute them. SIGNING UP for the spring semester of California Scholarship Federation better known as CSF is Gina Cordova. The requirements of CSF are three "A"'s in college prep and honors classes also certain applies arts classes. There are many advantages to CSF membership such as knowing about upcoming scholarships and using the reputation of CSF to gain quicker admission to colleges.

Designed to help students
receive scholarships,

CSF

had a fairly large membership at Mount Miguel this year. Under the supervision of Advisor George Albert the local chapter of California Scholarship Federation experienced an important change. The grade requirements, which formerly applied to only college prep and honors classes, were changed to include certain applied arts classes. A method was also devised to give each letter grade a number value, and a certain number of points could also be used to meet the CSF requirements. Because of these changes more students were eligible to become members of CSF.

With emotion tinging their voices and pride sparkling their eyes, the

Cheerleaders

always managed to draw spirit and pride from even the most reluctant students. Hours of practice were spent perfecting their various routines and cheers. Dedicated to Mount Miguel, their harmonious voices were heard and their rhythmic movements were seen at Mt. Miguel's football games. The quintessence of Miguel's spirit, the cheerleaders were greatly appreciated.

INTENDING TO BUILD UP THEIR BODIES, enthusiastic members of the Weight Club work out faithfully three times a week.

Responsible for a large part of Mt. Miguel's cleanliness, the

Key Club

was considered a privilege to join. Under the supervision of William Hostetler, the Key Club repainted the statue of Mat in the quad.

They are also responsible for cleaning the football field, which was littered by football enthusiasts, after home games.

Under the supervision of Ben Cipranic, the

Weight Club

was limited this year to fifty members.

Meeting three times a week, the weight club was formed to help Mount Miguel males build their bodies and stamina.

Under the command
of Colonel Donald Grey, the

ROTC

members at Mt. Miguel
received an invaluable education.

Taught the duties
and responsibilities of a soldier,
the ROTC members have
a greater opportunity
to become officers in future years.

It is ironic, however,
that ROTC was not readily accepted
by most of the student body.
The sight of uniformed students
bearing arms and drilling
was disconcerting to those
of a pacifistic nature.

Staffed by efficient, interested students,

El Trovador

Mount Miguel's biweekly newspaper, had many reachable goals. Hoping to get students involved in school activities and events, EL TROV printed articles of social concern and dutifully recorded facts of the day. The staff also attempted to introduce a greater variety of activities to the student body. Another goal was to contribute to the advancement of student rights on the high school level. This included equal speech for both students and teachers. But perhaps the most important and pertinent goal was the hardest to reach. EL TROV wanted to make students aware of the problems both inside and outside of school. Well-written articles and editorials were published concerning the problems which must be encountered, but many students only read the articles and failed to respond. EL TROV, nevertheless, urged students to write and express themselves.

"Hi! We're from Mt. Miguel High School, and we represent the

Mil Memorias

yearbook staff. We'd like you to place an ad in our yearbook." In order to finance the yearbook, the staff sold ads to local businesses at the beginning of the year. The year also began with questions from the new staff members concerning photography, layouts, and yearbooks in general. "Have you developed those pictures you took at the game Friday?" "What are the margins for the outside columns?" "Is there a workshop tonight?" Under the guidance of Advisor Lowell Plinke and Editor Carol Bowers, the new members soon learned the answers.

Under the direction
of Eugene Corporon,
the Mount Miguel Matador

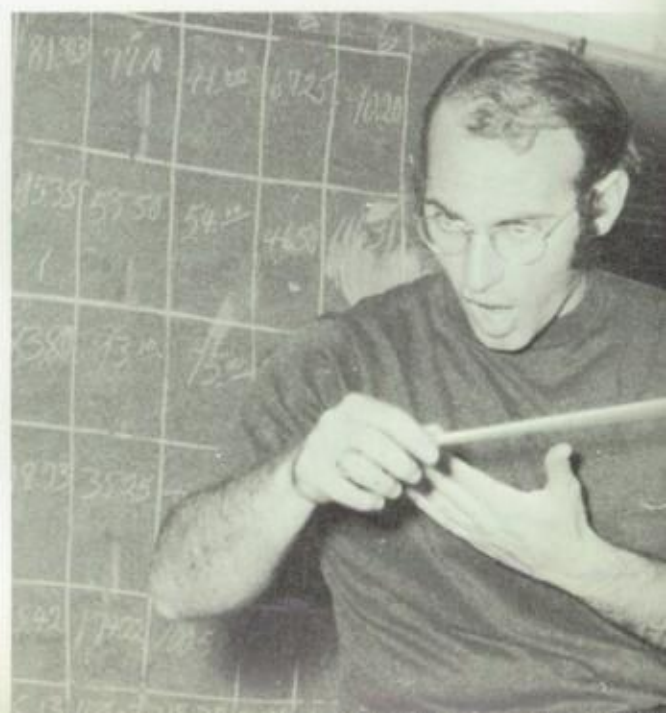

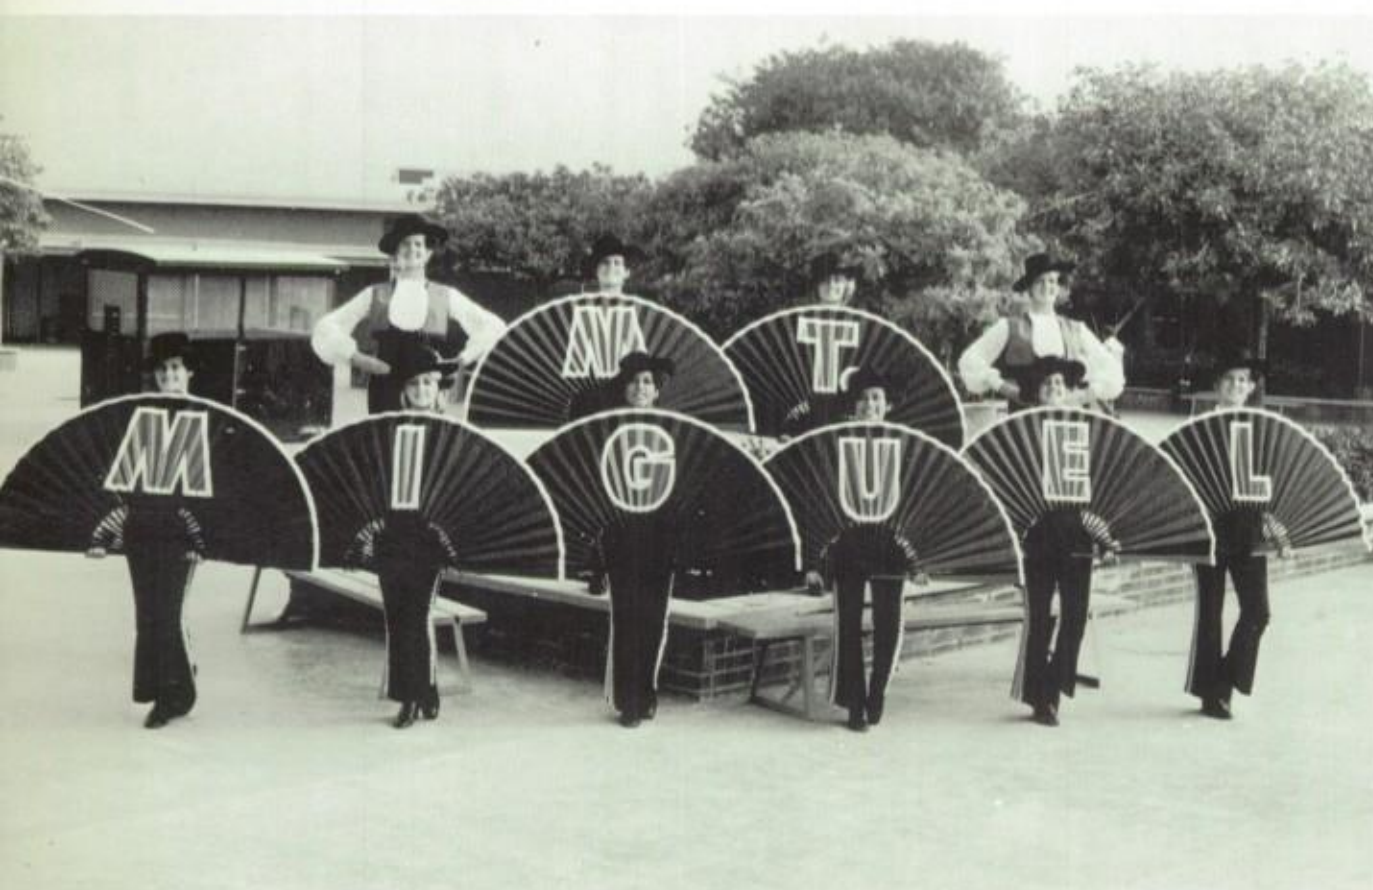

Marching Band

performed splendidly this year. Long, laborious hours of practice were spent improving and perfecting the intricate yet strong pieces that the band, which had 115 members, performed so well. The long hours of practice were well worth it, however, when the band impressed the judges at various local competitions. The band was well-received at the Fallbrook Competition Parade, the Autumn Band Review, and the Band Jamboree. In addition to performing at Mt. Miguel's half-time shows, the band also appeared at a half-time show for a Charger football game. But perhaps the most distinctive honor earned by the band was the opportunity to represent San Diego County for the fifth time in the Rose Parade at Pasadena.

A combination of musical talent, skill and determination, the

Concert Choir

at Mount Miguel was under the direction of Carl Thompson who replaced Robert Poucher as director during this year. The choir performed at the Christmas concert, the District Choir Festival held in Monte Vista, and the Pops Concert. Many hours of practice and a lot of patience helped the choir maintain the high degree of perfection for which Miguel is well-known. For the first time, the

Ensemble

featured mixed voices. A miniature version of the choir, the ensemble often performed at places too small for the choir. Preparing girls to become members of the choir in future years, the

Girls' Glee

had no Prerequisites and met two periods a day.

THE MOUNT MIGUEL CHOIR is seen performing at the All-District Choir Festival held at Monte Vista High School this year. This is an annual event in which the choirs from all eight high schools meet and sing together. Our choir is singing "Lullaby of Birdland" and is accompanied by Laurie Davis.

REHEARSING for the Pops Concert is the choir. Altos Sherry Hamilton and Sue Sinclair sing "Walk On By," one of several songs being sung.

Whether they were doing a halftime show at one of our football games, or whether they were marching in one of the local parades, Miguel's

Cape Corps

was always at its best. Under the direction of Kathy Lamb, the Corps was constantly practicing during and after school hours. As a result, the smiling, cape-twirling Corps members not only learned how to perfect their routines, but they also learned the art of patience and co-operation.

SHOW-OFFS? (right) Maybe so, but Barb Skinner, Advisor Kathy Lamb, and Karen Gonzales have a right to be proud of the Cape Corps' third place trophy at the Fallbrook Parade. Cape Corp mascot (below) Joanne Gonzales, marches proudly in all parades.

throughout the year.

"My name is

Ana Vallejos

and I am a Foreign Exchange student from Chile. I am in the eleventh grade. My study here in the United States has been very pleasant and surprising. I have seen many things that are quite different from those in my country, such as the school, the young people, the customs, and the food. I have visited many places of amusement such as the desert. I have also gone camping and have ridden dune buggies and motorcycles. I am now living with a North American family. My stay will be for six months and then I will be returning to my country. The purposes of my scholarship is to learn about life here in America and, of course, to learn the language. I have been around and seen many young people obtain good things in life, despite the problems of today. Everything I have seen and every place I have visited has been very beautiful and interesting so far."

"When I first came here, I was so scared and nervous about meeting my new family. But when I did meet them, they were very nice and took me to many places of interest. The place I enjoyed most was Disneyland, with all of its surprising fun."

Sule Oguz

who came from Turkey expressed her feelings about living in a new country. "It's hard to realize that a year can pass so quickly when you are in a new country, going to a new school, living with a new family, speaking a new language, meeting new people, eating new foods, and so many other different things. But it sure is a great experience and fun, too. Thank you all so much. And I hope to see you again in another part of the world."

When asked about his feeling for our country,

Juergen Puetter

from Germany, seriously wrote: "For once in your life you have an opportunity to take off and leave behind everything that you have done and known before to start a new life in the new world—here. First, everything is new and you don't know whether you like it, but soon you get used to the American way of life; you start to love the people and their country, and you have a second home. Then you realize that all people on this earth are essentially the same—that they have the same dreams, wishes, problems, and hopes. And when you realize that, you become a believer in the American Field Service. How do we, the AFS'ers say? Walk together, talk together all ye people of the earth, for then and only then shall ye have peace."

Maisu Aho,

our foreign exchange student from Finland, describes her stay here in America.

"To come and stay a year in another country is a great experience. I tried to come here without any prejudices—just take the things the way they are. But still I couldn't find the free and democratic American society I expected. In spite of some unpleasant things such as the I'm right, you're wrong attitude, and the commercialism of Christmas, I must say I have enjoyed my stay here very much. You have taught me a lot, such as new ideas about school and the English language. In Finland, for instance, we must take more than ten subjects. If we fail one subject, we have a chance to try again twice during summer vacation. If we fail both times, we must repeat all the subjects again. But most of all I have enjoyed just talking with you, learning your ways of living. You have been very kind and helpful to me. I'm sure I will return here some day."

One of the largest clubs
at Mount Miguel, the

International Club

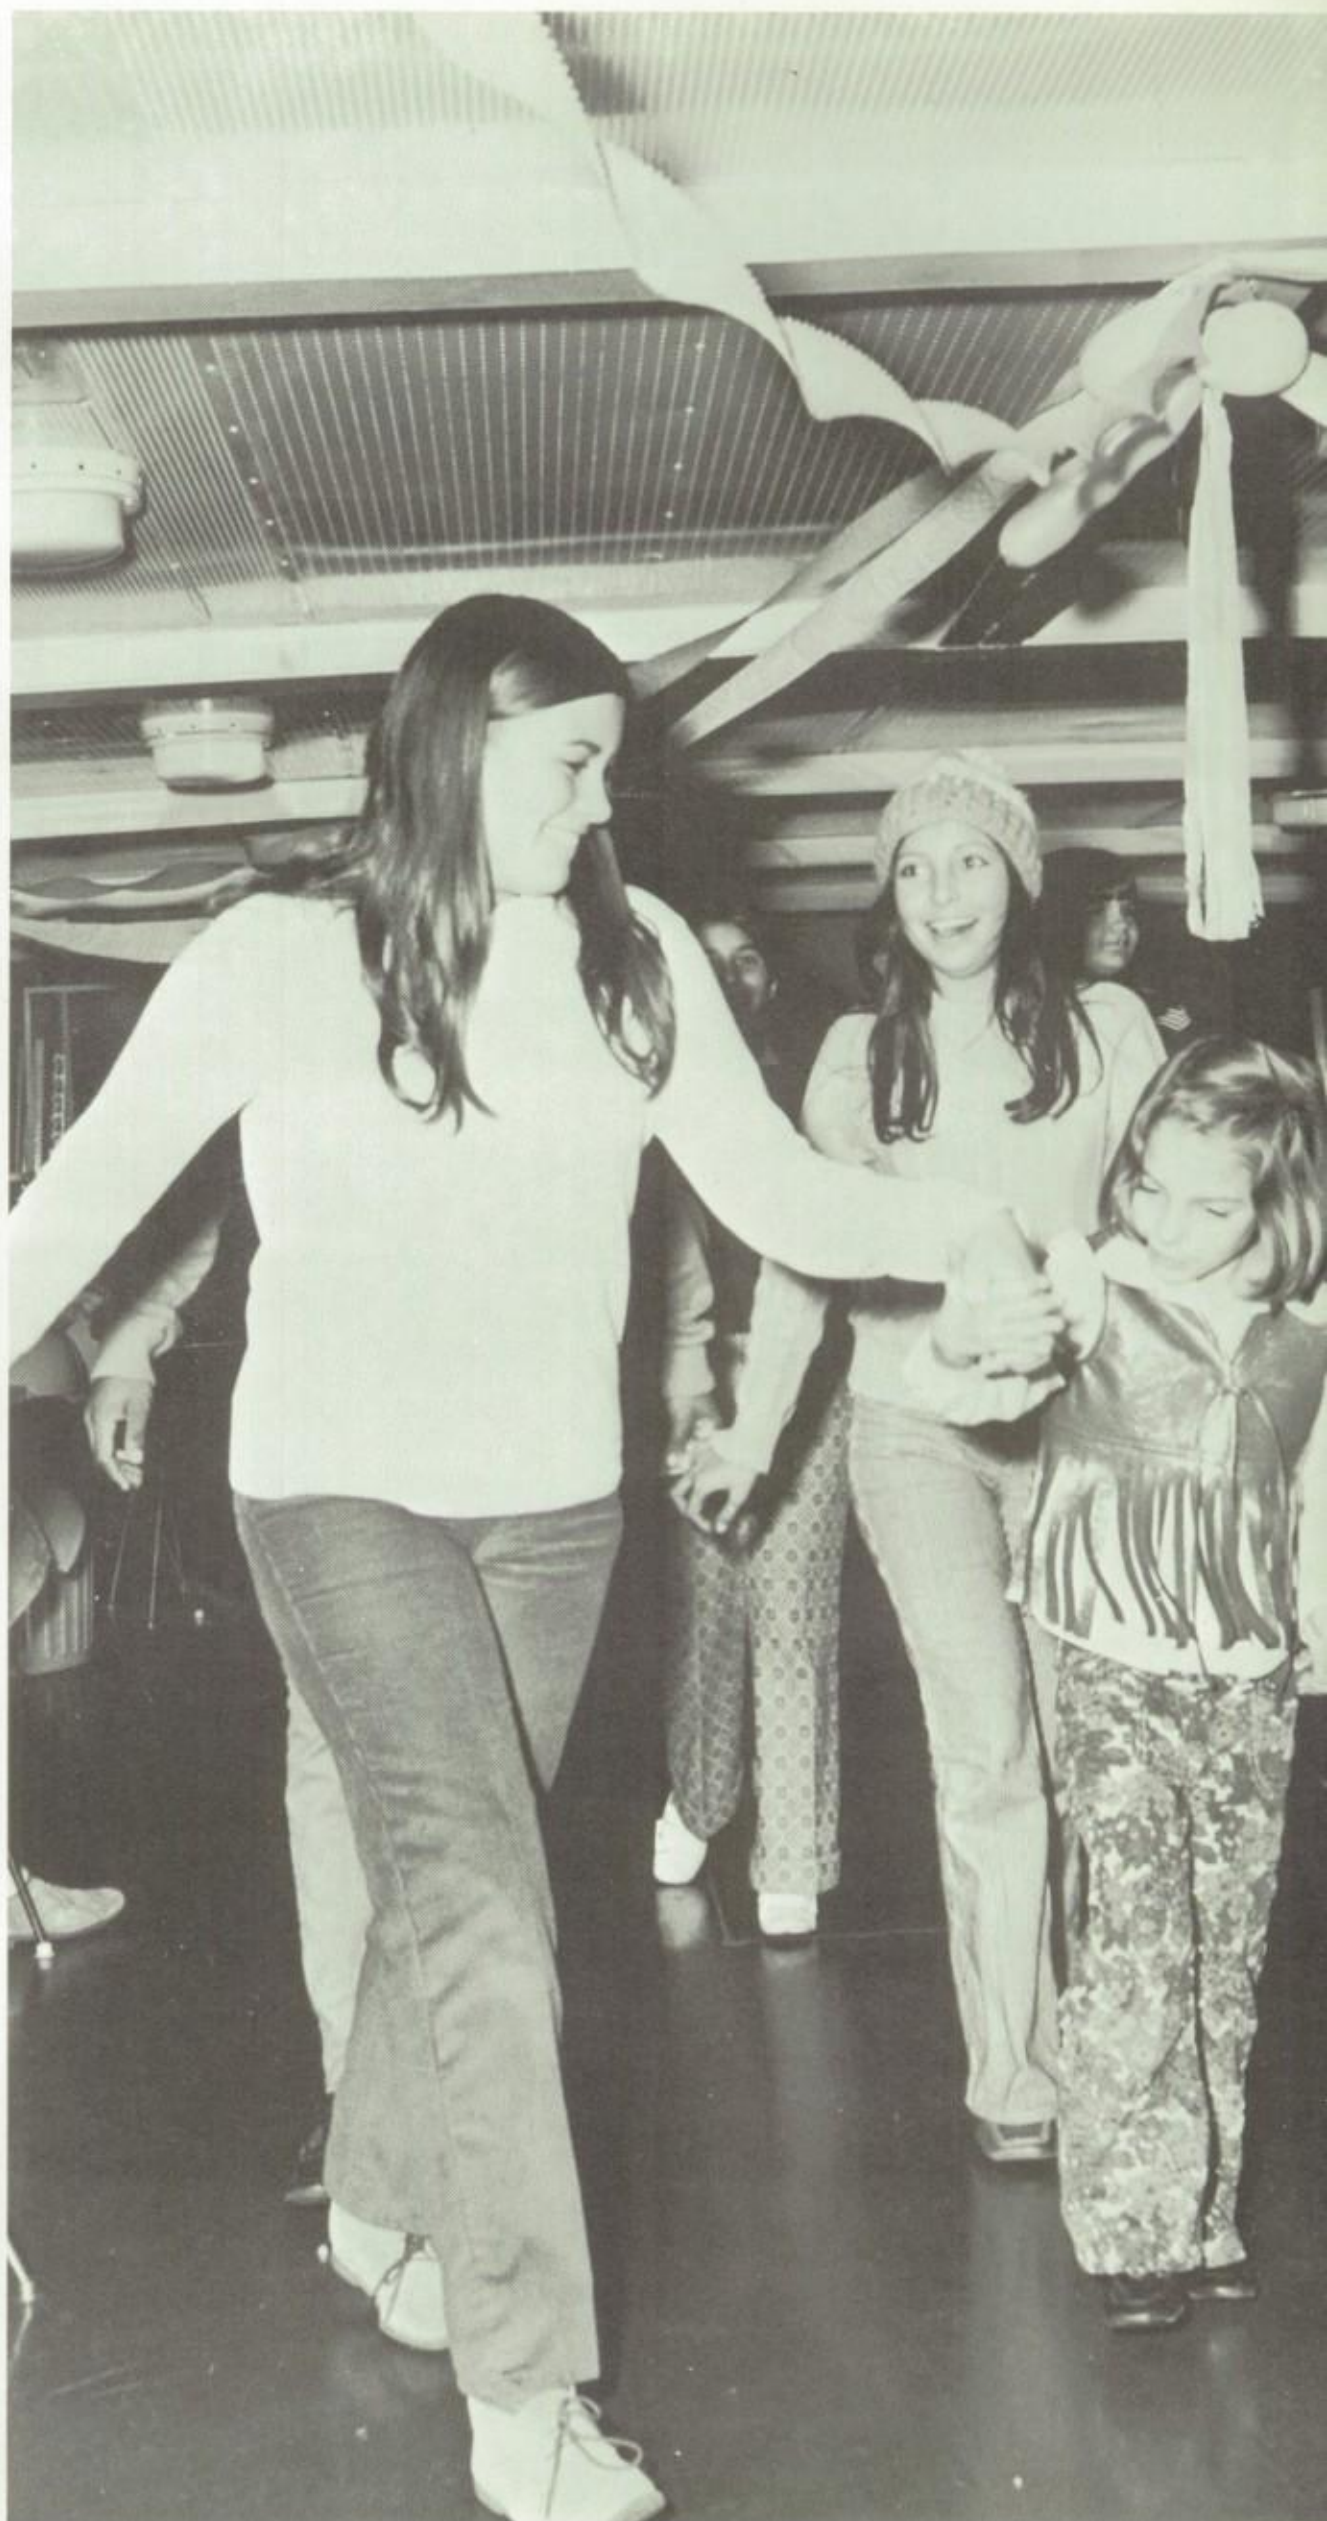

sponsored many fund-raising events.

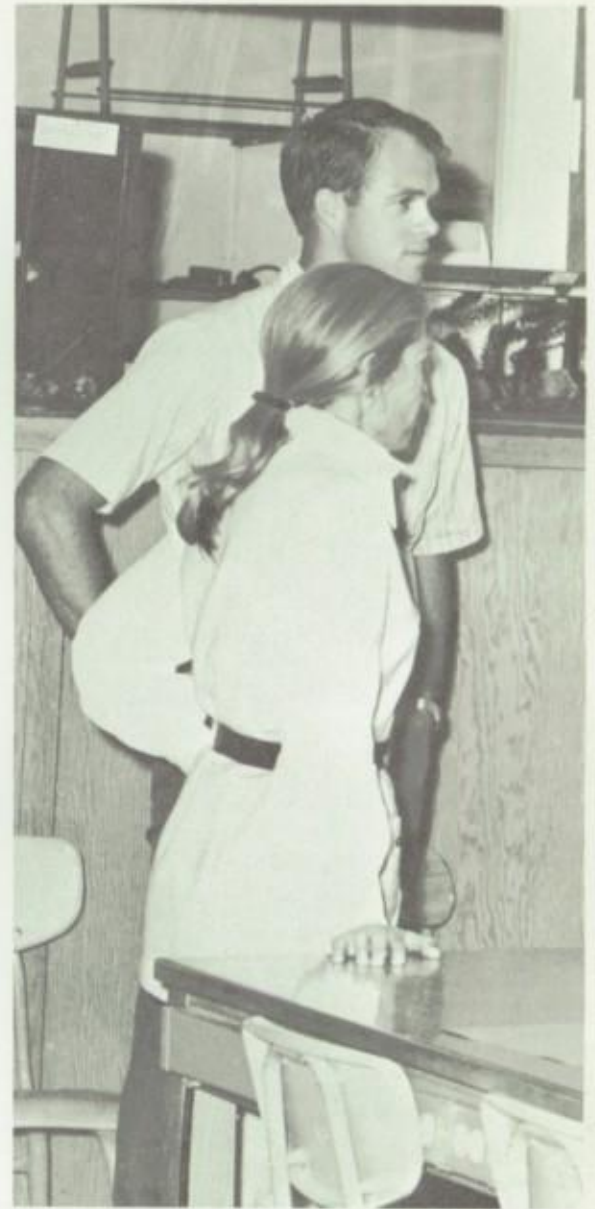

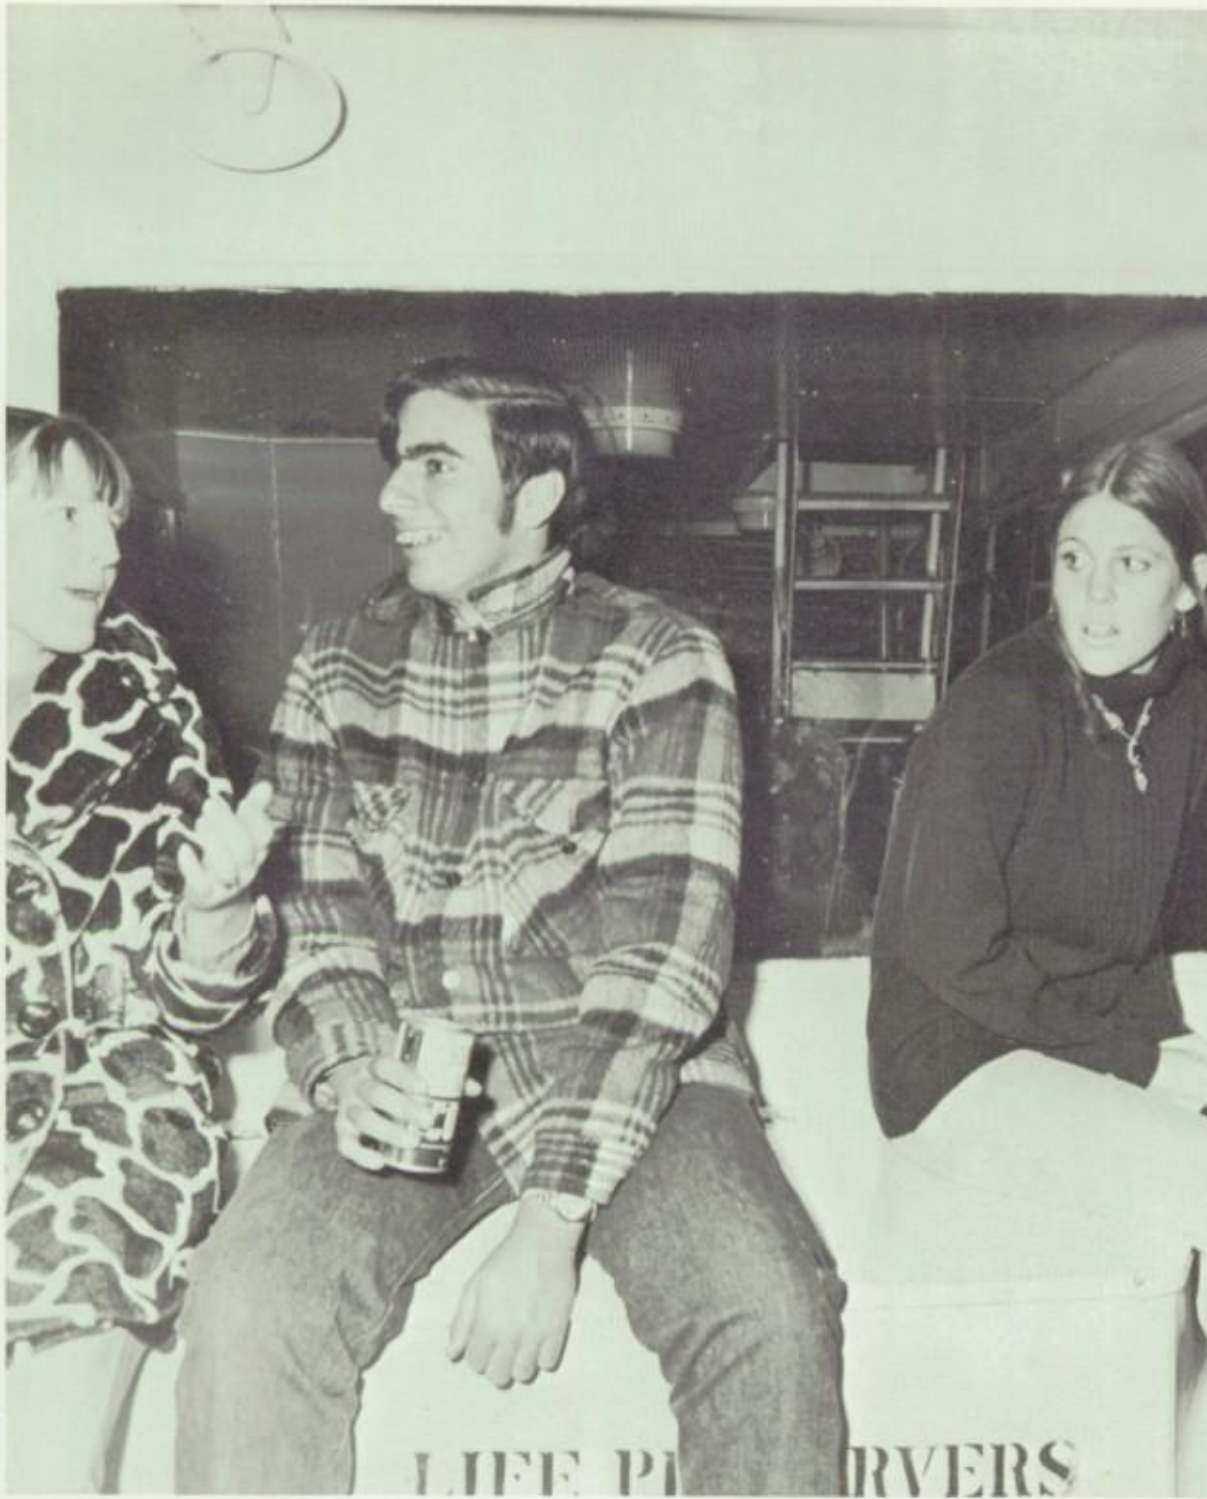

Under the direction
of Allan McCune,
the I-Club sold tickets
at a discount price
for a harbor excursion
and offered the members and students
an opportunity to go
to Disneyland.

In addition to these activities,
the I Club also sponsored
Nickel-a-Month,
which collected money to help
alleviate the high expenses
that were needed
to sponsor students from other lands
as foreign exchange students.

The forensic division, which involved debate, and the interp division, which is extemporaneous and involves interpretation, were the two divisions that composed the speech team. A combination of skill, patience, and practice enabled the team to perform favorably in their various events.

What is school spirit?
A lot of noise from the bleachers
during a football or basketball
game? Participation in activities

Pride and loyalty to the school?
Willingly accepting the school

ADMINISTERING to needs of battle-weary Jack Hook are water girls Dianna Jackson and Dora Sanchez. They were in demand at all times and a big help to the team, who needed all the help they could get.

MOVING IN, Mike Trebbien (50) and Dan Huff (63) (above) avenge Mission Bay quarterback and drop him for a loss on the thirty-five yard line. All in all it didn't stop them from winning the game. Coach Ben Cipranic (below) talks over previous play with junior tackle Wayne Allen.

“... Any team can lose.
But in a sense, a very real sense
A Coach Never Loses.

For the job of a coach
is over and finished
once the starting whistle blows...

For a coach has two tasks.
The minor one is to teach skills.

... The major task,
is to make men out of boys.
It's to teach an attitude of mind.

It's to implant character
and not simply to impart skills.
... It's to teach them to be humble
in victory and proud in defeat...

But, more importantly,
it's to teach them to live
up to their potential...

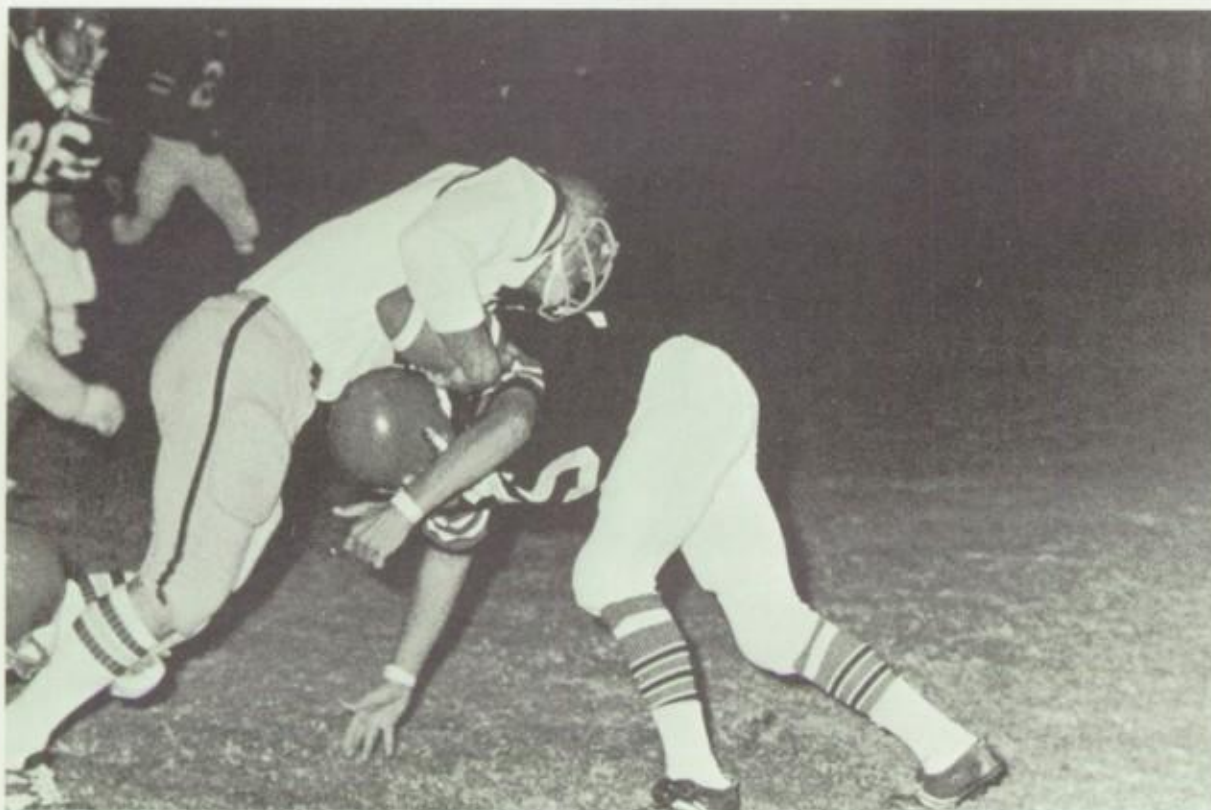

A coach can never make
a great player out of a boy
who isn't potentially great.
But he can make a great competitor
out of any child...

For the coach, the final score
doesn't read so many points for
my team, so many points for theirs.

Instead it reads:
so many men out of so many boys.

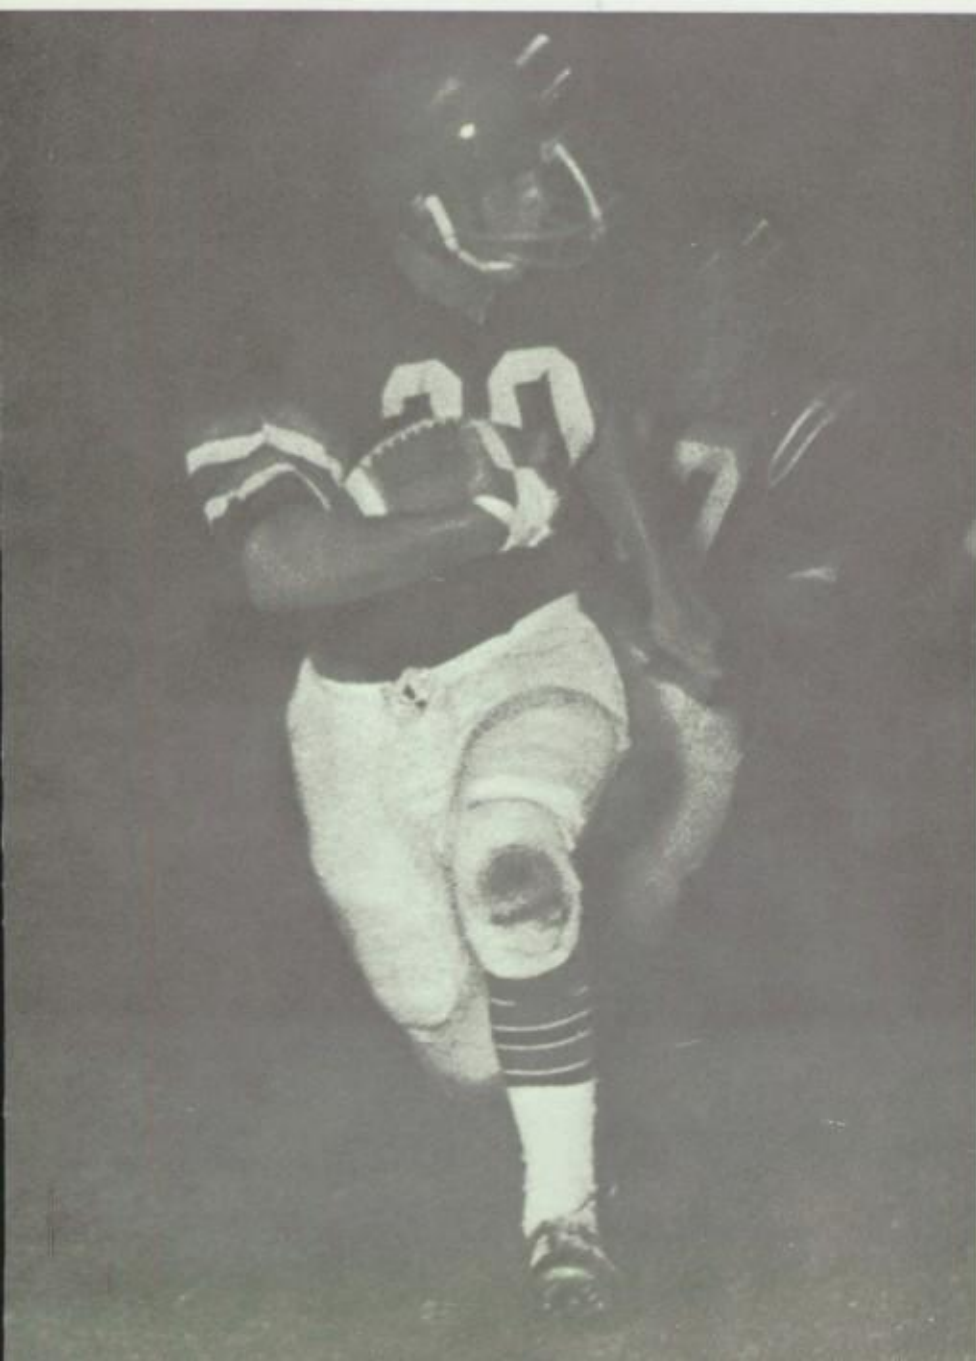

And this is a score that is
never published... that he reads
to himself in which he finds
his real joy when
the last game is over.”

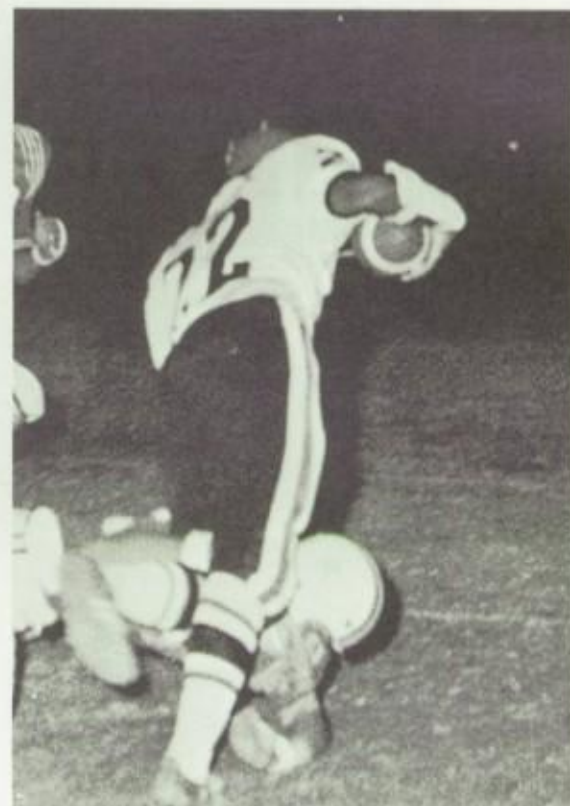

HEADING DOWNFIELD, Terry Klusman gains long yardage against El Cap during the Football Carnival before being pushed out of bounds.

CHARGING INTO ONCOMING VAQUERO, Wayne Allen prevents him from going into the end zone. The Matadors were outscored, though, 14 to 0 in the last quarter of the Football Carnival.

LEE STEWART evades an Orange Glen tackler and gets a first down before being tackled.

Mount Miguel's varsity squad started off on the right foot this year, as the

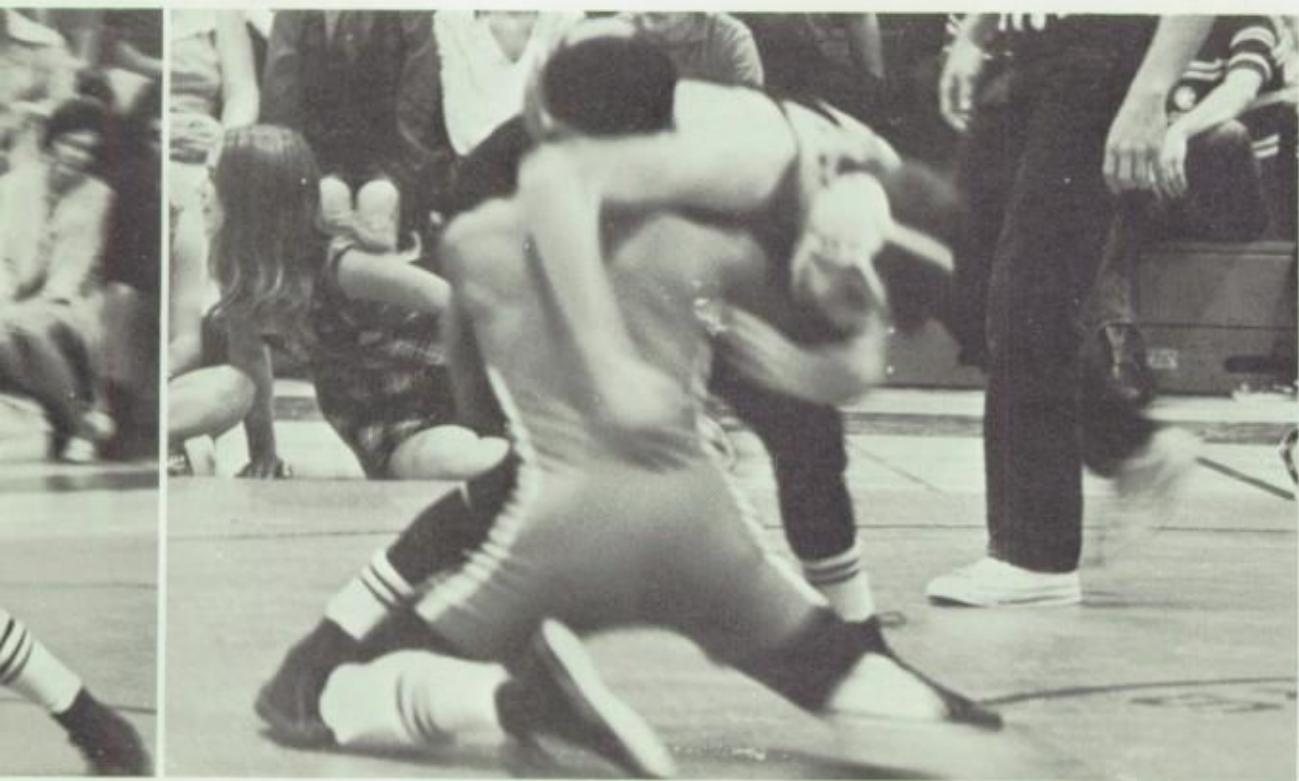

Matador Grapplers

grabbed first place honors at the University High School double dual meet.

At the Southwestern Jr. College Kiwanis Wrestling Tournament, the Matador Matmen came home with second place. However, they dropped their first league match with tough Monte Vista,

losing some very close matches that could have gone either way. After the setback though, they got their revenge on the Monarchs when they tied with Helix for first place in the Grossmont College Christmas Wrestling Tournament. The outstanding wrestler award there went to Dale Siscon.

Mount Miguel Matmen took the

C.I.F.

title again this year.

The Matadors started out with seven wrestlers after the Grossmont League finals. Dale Sison, Mark Schuff, and Greg Robinson all were in the championship class, and the Cesena brothers, Miguel and Gino, both finished with second place honors.

Other participants were Jim Minor, Steve Schroeder, and Kevin Pullan.

Mt. Miguel won with an over all score of 72 points.

Consisting of both varsity and junior-varsity basketball and volleyball teams
Girls' Team Sports

had an excellent season this year. Many hours of practice and strong team spirit made both teams excellent in their respective events. Endurance, alertness, agility, and emotional stability were the characteristics that the girls had to possess in order to become good players. Pam Ashman, Sandy McPherson, Toni Owens, and Candy Smith were outstanding players this year.

ABOUT TO PASS THE BALL to Joyce Hall, under heavy guard, is forward Eileen O'Brien. Quick-thinking and co-ordination, possessed by the girls, were essential to being a good team member.

Soccer

the world's most popular sport. Under the supervision of Coach Gary Loso, soccer has become a popular sport at Mount Miguel. One of the twelve teams in a county-wide league, Miguel's soccer team placed sixth in league standing. Outstanding players on the team included Martin Castro, Richard Reinecke, Jose Franco, and Joe Boude. Franco was the first soccer player at Mount Miguel to be named for C.I.F.

RETURNING A VOLLEY with a back-hand stroke is Dan Suarez (right). Looking way, way up towards the ball in Robert Prince (below) as he serves.

DELIVERING A SMASH SERVE is Dick Trebbien, Miguel's number one man, during one of his many hours practicing after school.

TAKING THE OPPORTUNITY for a terrific slam is David Galligan during a match with Helix on April Fool's Day.

Practicing for more than two hours a day, the

Tennis

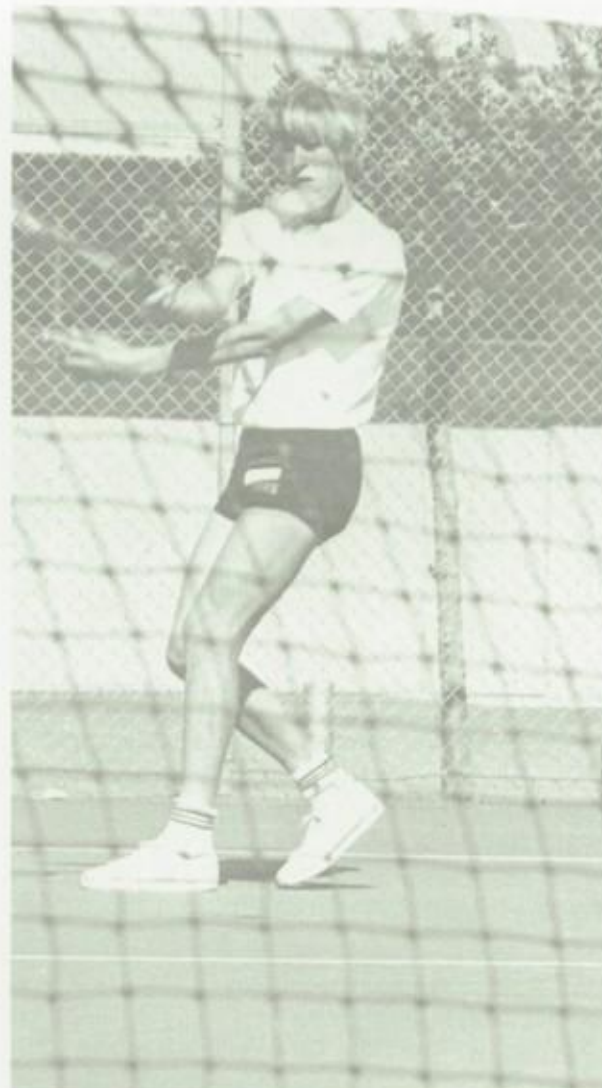

team was under the direction of Coach Dwight Teator. Players Dick Trebbien, Bob Prince, Dan Suarez, Kevin Eagle, John Scott, and Dale Sison exhibited agility, stamina, endurance, quickness, and eyesight co-ordination—the skills necessary to play tennis and assure Mt. Miguel an excellent season.

DAILY PRACTICE after school for at least an hour is necessary for David Lozoya to maintain any amount of skill in playing tennis.

Under the careful supervision
of Coach Roger Moreau, the
Boys' Swim Team

was in top condition.
Good incoming freshmen,
in addition
to the fine upperclassmen
made the team
difficult to defeat.
Gary Knedler and Tom Afflick
were outstanding divers,
while Linc Szuch,
Dwight Bailey,
and Dave Wilhite
were excellent swimmers.
Dave Johnson,
the best swimmer in San Diego,
set many new records
for the team.

GETTING OFF to a good start in the 100 meter breast stroke event is Linc Szuch, who is a very strong swimmer, places first in many of the events to bring the team ahead to win against Hilltop.

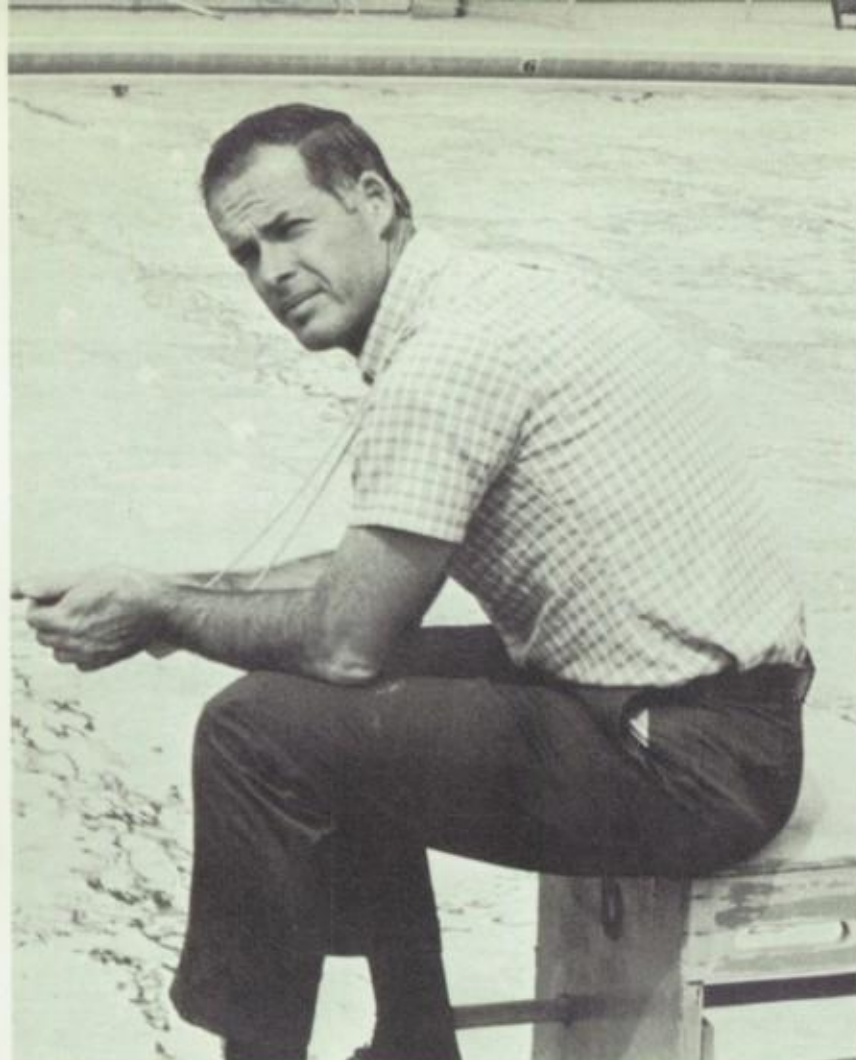

WAITING HIS TURN, Linc Szuch is poised ready to enter quickly at the re-
turn of his teammate back to the start of the 200 meter medley relay.

GETTING PREPARED for the warm up period held before each
event are Peter Priest and Fred Hart (above) for the 200 yard relay.
Dave Wilhite (below) is the holder of the 100 free style school record
and a very strong swimmer in most of the events in swimming.

CHECKING the starting line up for the 400 free style relay, Coach Roger Moreau looks up as the gun is sounded off for the meet to begin.

Composed of a very small group
of hardworking boys, the

Lettermen's Club

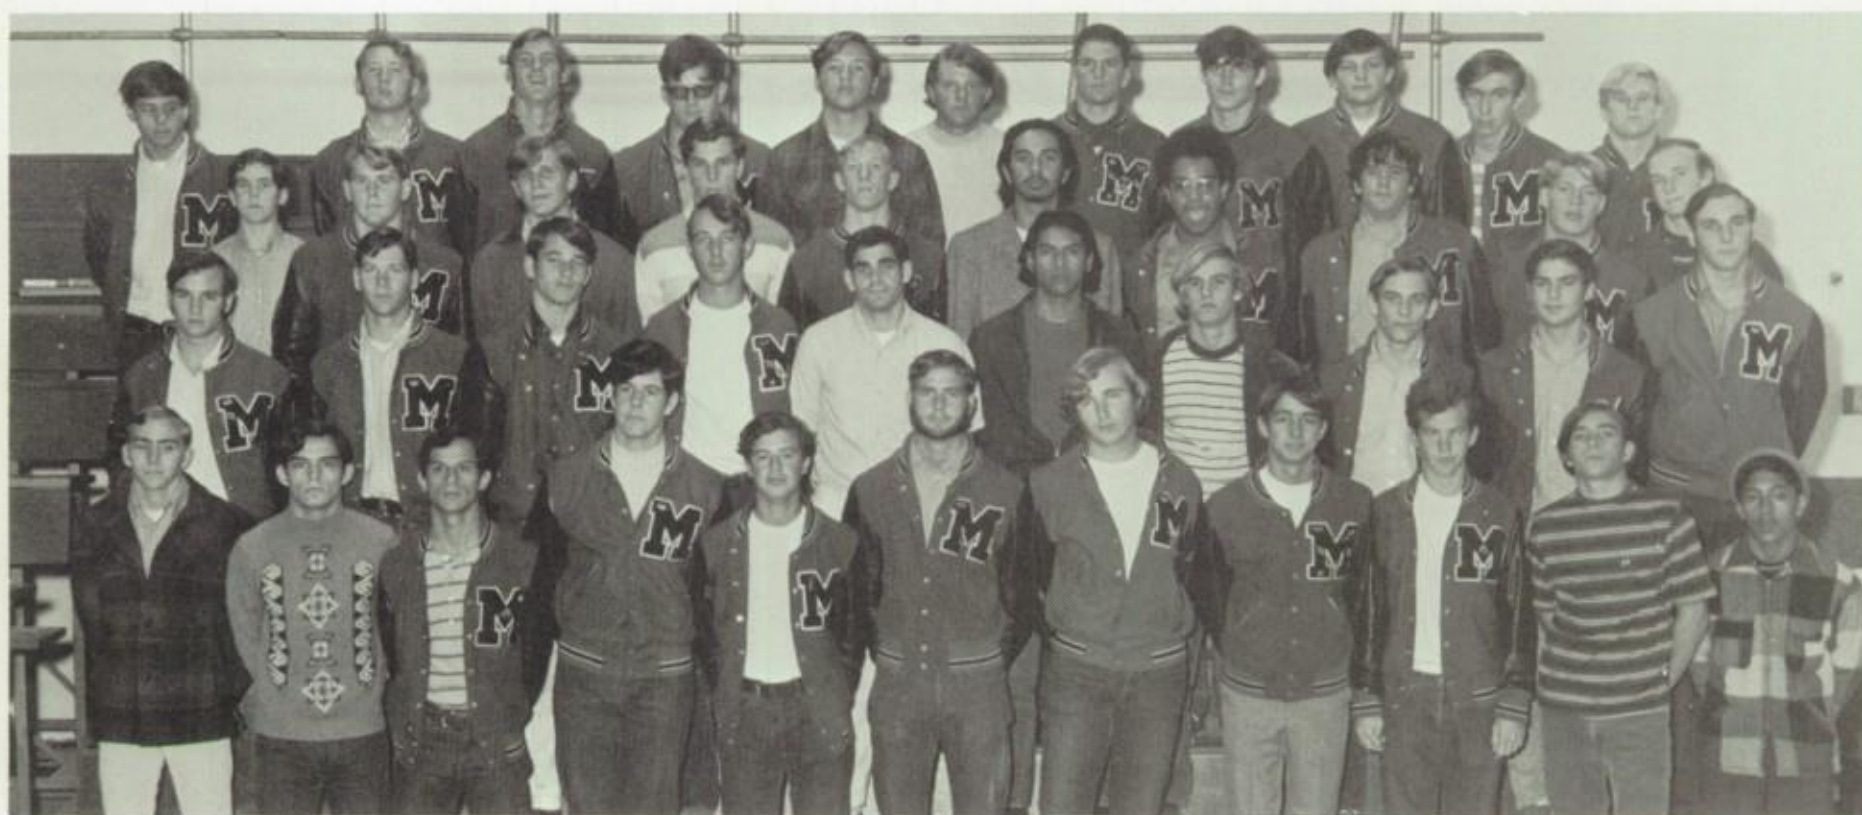

contributed a large amount
of school service to Mt. Miguel.

Perhaps the hi-light
of their school service
was a rock concert
which was held last spring.

The club members,
which, in order to qualify,
must participate
in at least half of the sports
at Mt. Miguel, consider it
a great honor to be in the club.

PROVING THAT THE LETTERMEN'S CLUB isn't all work are lettermen Lee Stewart and David Balsley. Not only a service club, the Lettermen's Club is also a lot of fun for its select members.

LETTERMEN—Back Row: David Wilhite, Richard Wells, Mark Schuff, Daniel Weldy, Philip Rounds, Patrick Gallagher, Thomas Young, Gregory Robinson, Wayne Allen, Steven Solomon, Philip Stevenson, Third Row: James Minor, Michael Trebbien, Richard Treb-

bien, David Rower, Tim Miller, Mario Acosta, Lee Stewart, Peter Priest, Michael Pittman, Gary Olson. Second Row: Steven Maurer, James Long, Terry Klusman, John Kehrili, Jack Hook, Mike Hall, Doug Gegax, Steven Fick, Randal Ellis, Mark Dobransky. Front

Row: Rick Clabby, Miguel Cesena, Gino Gesena, William Browning, Edward Bishop, David Balsley, Micheal Baker, Dwight Bailey, Micheal Allenson, James Tarantino, Dale Sison.

PAINTING THE M ON THE BLEACHERS are two lettermen, Jim Jones and David Balsley, performing one of their many vital services for Mount Miguel.

FIRM LEG AND ARM MUSCLES, perfect co-ordination, and courage are essential to a straddle-mount (above) and a back-walk-over (left), both excellently performed by intermediate gymnast Alice Dixon.

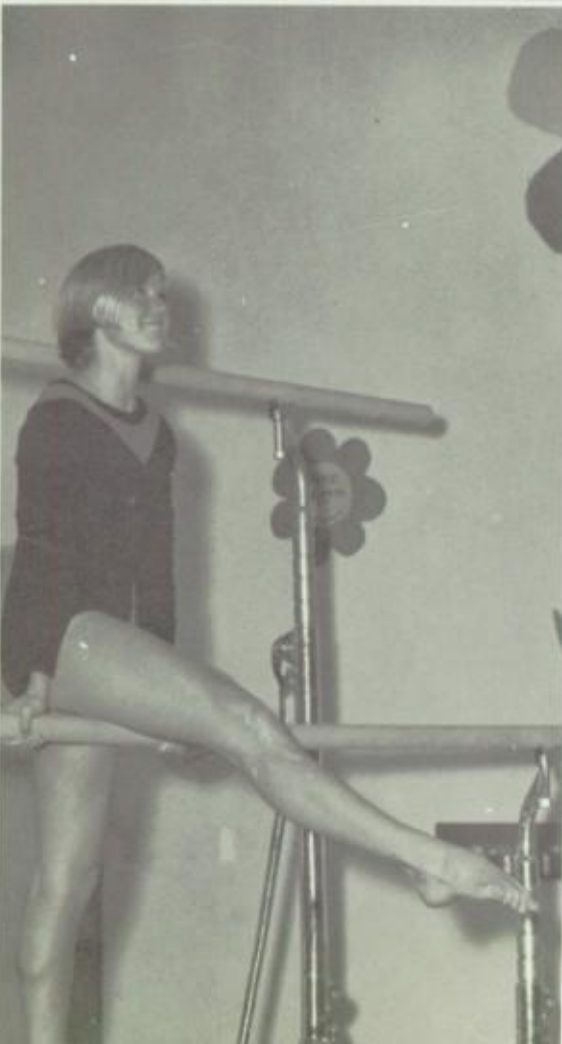

GYMNASTICS—Back Row: Coach Sally Kraska, Andrea Peters, Diane Lakey, Denise Berger, Cindy Sundahl, Rhonda Rothe, Maryann Perry, Ginger Lynch. Front Row: Audrey Anderson, Vanessa Anderson, Debbie Walker, Shirley Barcello, Marty Ibarra, Susie Gingle, Alice Dixon, Sabrina Garcia.

Combining graceful movements and steady confidence, the

Gymnastics

team was disciplined by long hours of hard practice. Divided into three levels, the gymnastics team, coached by Sally Kraska, competed in two leagues. These were the Grossmont District and the County Leagues including city and county areas.

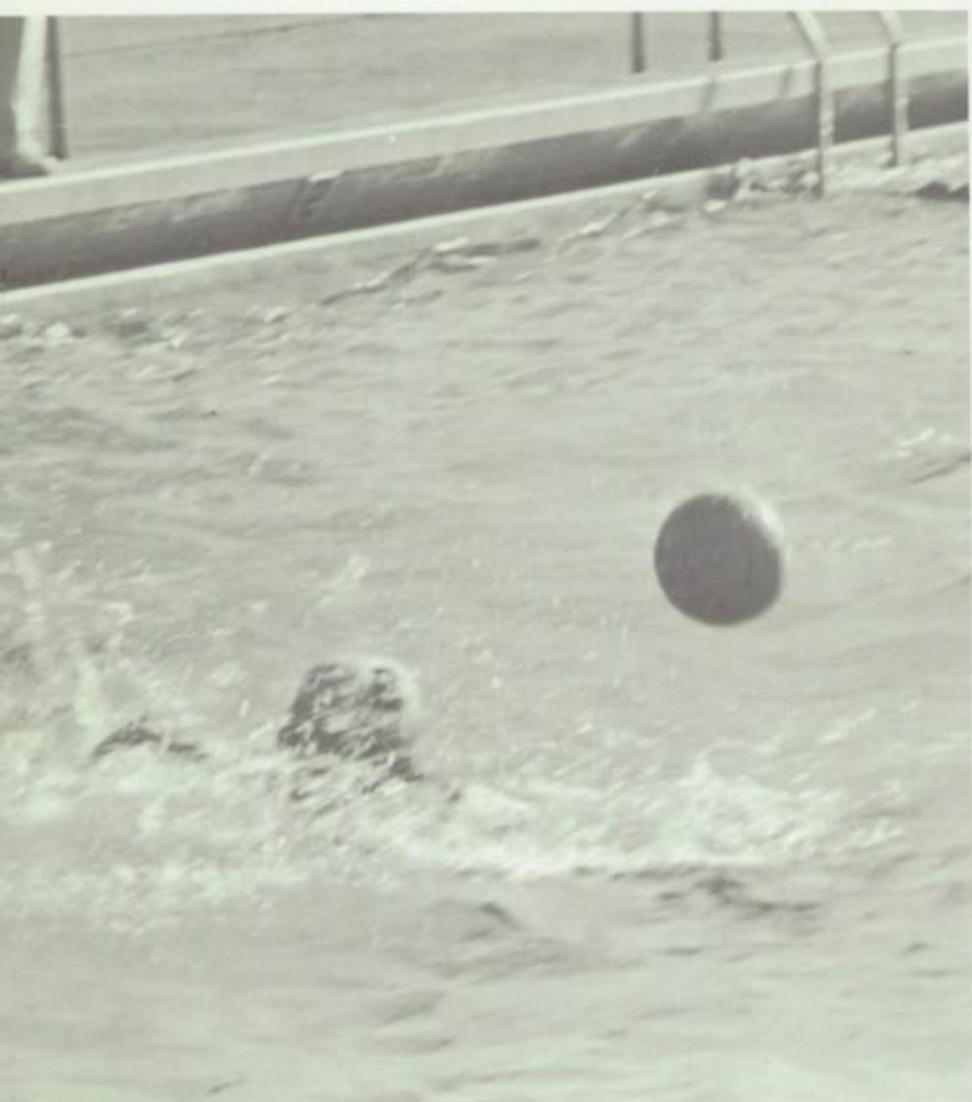

POSED FOR A FORWARD CIRCLE, on the uneven bars is intermediate gymnast Maryann Perry, (left), Alice Dixon and Marty Ibarra (below), are doing an arabesque requiring a good sense of balance.

JUNIOR VAN BENTLY (far right) puts forth outstanding effort in the long jump in meet against Grossmont. Another victory for outstanding sophomore wrestler Dave Wilhite (above). The referee signifies win for the Matador grappler as he did with almost all his teammates. Breaking through for long yardage against Santana is Mike Jacobsmire (right) with handoff from quarterback Ed Morris. The Sultans could not hold forever as Matadors JV won. Defending goal for Mount Miguel Alan Nunez and Stan Ingraham (center) in black helmets kept the ball from getting to the open net.

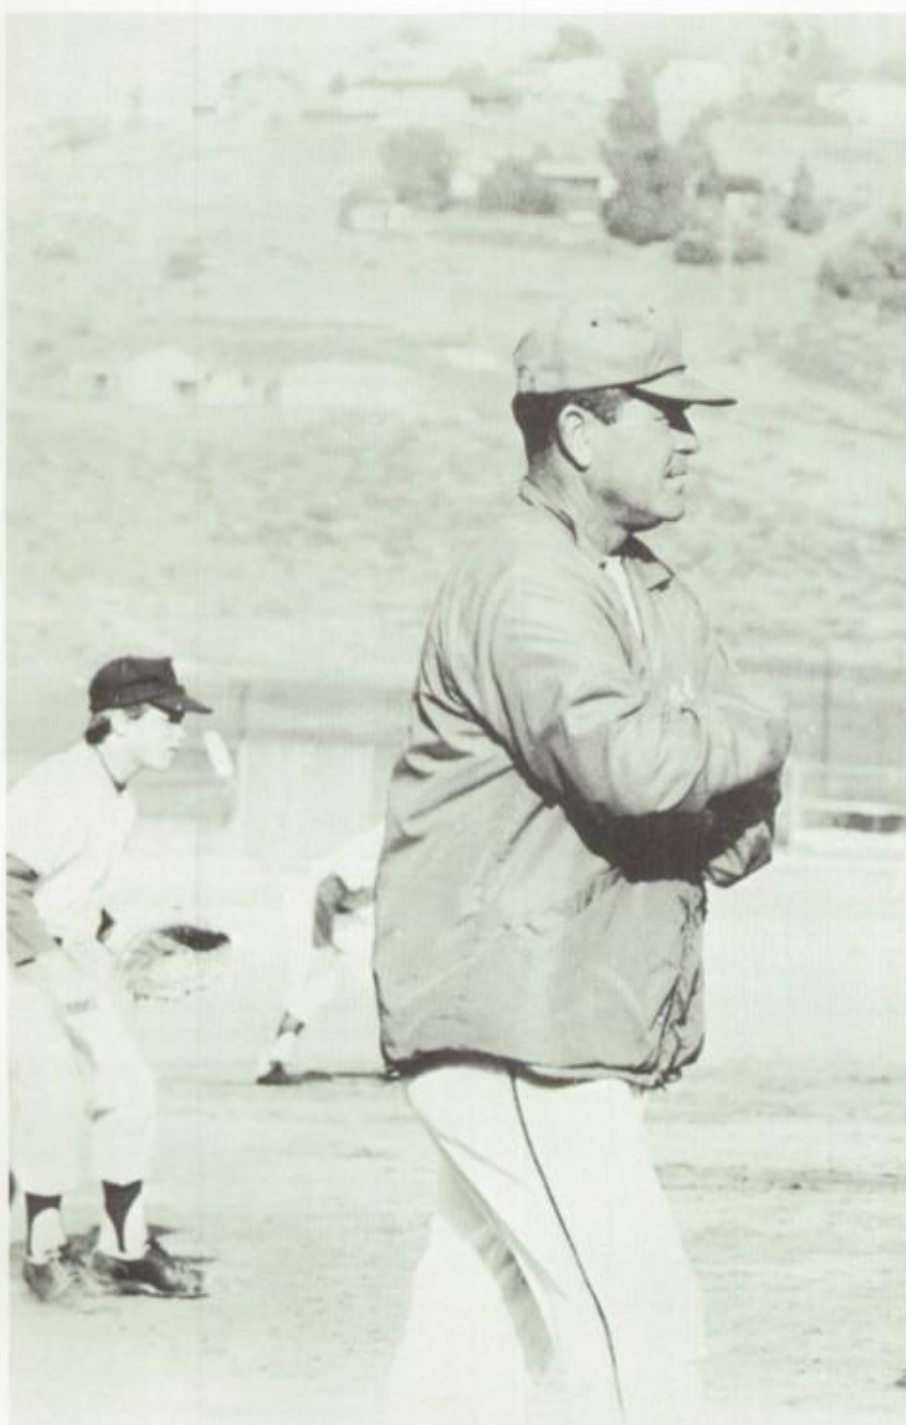

Coming up strong this year
were the

Junior Varsity

athletes, our varsity prospects
for next year's teams.
Football and Basketball, this year,
both placed third in League.
Cross-country grabbed first place,
and JV Wrestlers took second.
Water polo ended up
in fifth place in League.
Baseball, Track and Field, Tennis,
and Swim Teams
exhibited promise
as this edition went to press.

This year the Freshmen Class for Mount Miguel produced many fine athletes for

Frosh.

Freshmen showed their ability to win as Frosh Football and was undefeated in League play. The outstanding Basketball Team was the league's best team from the start of the season. Frosh Wrestlers kept the pace going as they captured first in the League. Baseball came back this year after two years of absence. Cross-Country, Track and Field, Tennis, and Water Sports also fared extremely well this year. The future looks promising for the young and talented freshmen athletes.

WORKING ON HIS OPPONENT (above left) is freshman heavyweight wrestler John Morgan. He came in handy quite often when we were trailing in a dual meet. He would then come up with one of his pins. Talking over some plays before the Helix game (left) are freshman stars Jess Jenner, John Morgan, Tom Stephenson, and Bob Hope. The team rolled over Helix and kept an undefeated record all season. This is why the Football Team was League champs this year. Coach John Burwell (above) gives his Freshman Roundballers a bit of advice during a time-out called by Granite Hills. Coach Harold Stratton (far left) watches the Freshman Baseball Team practice.

"Why?" probably the most concise question but with the longest, vaguest answers and sometimes no answer. Sometimes no one answer is acceptable to each person. To seek these answers is an eternal search. High School is a place where many people begin their search. Is it possible for people to become lost during their search? Are people with false answers finding unreal paradises? Are there paradises? What is the difference between right and wrong? Who Knows?

'WHAT, ME WORRY?' Melvin Grant, principal says quoting the great philosopher Alfred E. Neuman. Mr. Grant feels that due to the double sessions the problems at Miguel such as drugs were on the decline this year. However the apathy at Miguel reached a new high.

Meeting every two weeks, the *Board of Education*

followed a strict agenda which was composed of people with requests or problems to present before the Board.

Elected by the people, the Board of Education in turn elected Dr. Austin R. Sellery as district superintendent.

The other members of the Board were George K. Birch, president, Portia B. Goode, clerk, Palmer R. Svalstad, Joseph H. Famme, and Ken Overstreet.

Usually a quiet
and unassuming place, the

Library

experienced some changes this year. The former procedure for borrowing books, which consisted of signing and stamping cards, was replaced by a new method. Receiving plastic library cards which also doubled as ID cards, the students used the cards to imprint their name, class and school number on the check-out card. Librarian Jeanette Rambatt was quite pleased with the new procedure which made it easier to check out books in a shorter amount of time.

Because of the large number of students attending Mt. Miguel this year, a

Double Session

schedule was set into effect. Planned to be used at Mt. Miguel for at least five years, the double-session schedule helped to decrease the amount of students on campus throughout the day. In order to alleviate the heavy teaching load placed on the faculty, additional teachers and an extra vice-principal were hired. Clubs and organizations which formerly held their meetings immediately after school were forced to meet either late in the day or at night. For those who remained on campus, lunch was made available at school.

On the faculty scene
this year, a

Potpourri

of events took place.

For example,
the frosh and sophomore
honors English classes were taught
by Cherie Harley instead
of Claire Tremaine.

Colonel Donald Grey, the leader
of the ROTC on campus
sponsored Mt. Miguel's judo classes
while the speech team,
directed by Myrna Goodwin,
placed seventh in a district tournament.

As a result of the split session, many students found that they had extra time to participate in extra-curricular activities. One of the most interesting and perhaps the least-known activity on campus was the

Math Lab

which is located in room 229A. Operated by William Bradley, Frank Malm, and Ben Maxson, the lab, which contains about \$12,000 in equipment, offers a tutoring service for any student having trouble in any math class. A calculator-computing facility for homework is also located in the lab along with many math-oriented games and puzzles.

Because of the large number of Spanish speaking students enrolled at Mt. Miguel this year, the

Bi-Lingual Program

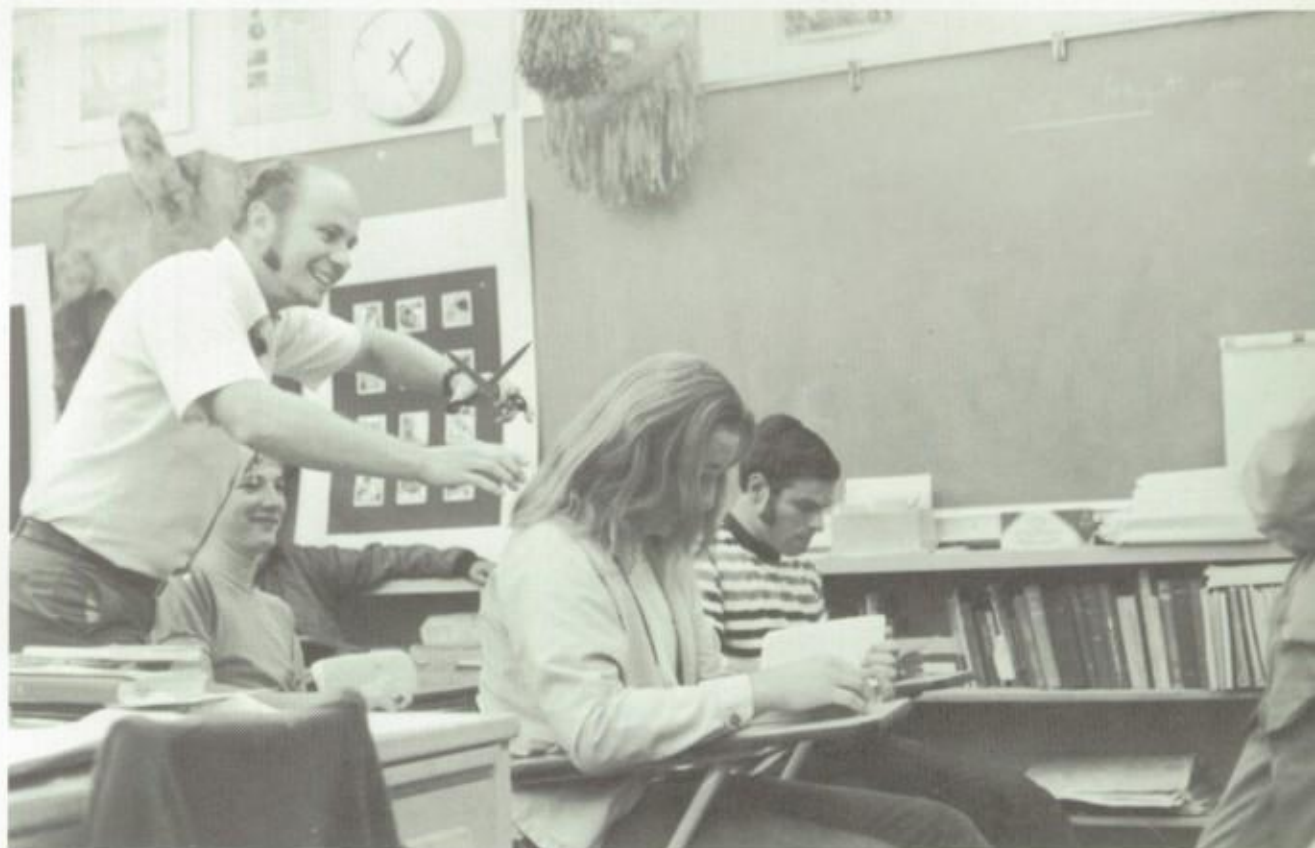

and the bi-lingual counselor were of great importance. Often a bit perplexed and confused, the students who spoke little or no English were comforted to discover that

David O. Leewaye was the Bi-Lingual counselor at Mount Miguel this year.

A warm and friendly man, Mr. Leewaye helped with testing, reading, and math under the program called Title I, and he helped to evaluate Title I to determine whether it was good or not.

Mr. Leewaye also worked with community aid and with counselors at Miguel and Granite Hills.

QUIETLY AND CAUTIOUSLY, William Fusselman boldly sneaks up for the hundreth time behind Tom Gonard to accomplish his long awaited dream and irresistable impulse. It has been his goal all year to rearrange Tom Conard's illustrious and beautiful hairdo. Who knows perhaps some day he will succeed in his endeavor.

RETURNING SECOND SEMESTER, Claire Tremaine plans future lessons for her special class, contract teaching. The class consists mostly of students who were expelled but returned to make up lost time.

KEEPING THEIR GIRLISH FIGURES by working off pounds and inches by jogging during the afternoon session are Carolyn Reusch and Anne von der Mehden. Many teachers jog for better health and relaxation.

DUE TO THE INCREASE of students, Miguel has had to make changes in the offices. This year the bookkeeper's office was relocated. A new and separate office for freshman attendance was also built.

DURING THE HALF TIME of the Faculty versus Student Basketball Game, the faculty paraded around like they knew what they were doing. Sometimes people wondered.

"Within your heart
Keep one still, secret spot
Where dreams may go,
And, sheltered so,
May thrive and grow
Where doubt and fear are not.
O keep a place apart,
Within your heart,
For little dreams to go!

Think still of lovely things
that are not true.
Let wish and magic work at will in you.
Be sometimes blind to sorrow.
Make believe!
Forget the calm that lies
In disillusioned eyes.
Though we all know that we must die,
Yet you and I
May walk like gods and be
Even now at home in immortality.

We see so many ugly things-
Deceits and wrongs and quarrelings;
We know, alas! we know
How quickly fade
The color in the west,
The bloom upon the flower,
The bloom upon the breast
And youth's blind hour.
Yey keep within your heart
A place apart
Where little dreams may go,
May thrive and grow.
Hold fast—hold fast your dreams!"

Though having few advantages
over the underclassmen, one
great advantage seniors
enjoy is the

Senior parking lot.

For twenty-five cents, a
senior is assured of a parking
space all year, can
decorate it to his own
liking, and if someone
else parks in his space,
that senior can receive justice
through student court.

SECTIONED OFF from the rest of the parking
lot, the senior parking lot provides guaranteed
parking space for those seniors who leased one
earlier in the year.

ZIMMERMAN, TERRY

The first day of school,
which is always important
to all the members
of the various classes,
seemed especially important
to one class in particular. The

Juniors

this year seemed to realize
that they were nearing the end
of the years which must be spent
in high school.
Deciding to make the most
of their final year
as underclassmen,
many juniors enrolled in various
easy and enjoyable classes
and extra-curricular activities.

As a result
of the split-session schedule this year,

Juniors

were given a greater opportunity
to apply for after-school jobs.
Completing their classes
at the same time
that other schools were
feeding their students,
the juniors were given
a greater advantage
of obtaining the part-time jobs
for which they applied.
Looking towards the future,
many juniors obtained jobs
in hopes of saving extra money
for various senior expenses.

The Preliminary Scholastic Aptitude Test, that frightening, yet beneficial scale of one's mental ability and agility, was taken by college-bound

Juniors

this year on October twentieth. The PSAT, which lasted a little over two hours, was found to be comparatively easy when measured against the mental image that many juniors had of this test before taking it. Made available in December, the PSAT scores were used by juniors to help plan senior-year and college courses.

As their senior year drew near, the

Juniors

began to raise money for the various expenses which they would encounter as seniors.

Sponsored by the Junior Class, one of the money-raising projects was a dance.

Held on October twenty-third after one of the football games, the dance lasted from 9:30 to 11:00.

Featuring Witch Creek, the dance was considered a success

by all who attended.

Actively involved this year
in various school activities
and organizations, the

Class of '72

was motivated by its pride
and school spirit
for Mt. Miguel.
Involved in such activities
as Campus Life and Student Council,
the juniors always seemed
to make invaluable contributions
to the development
of that particular activities' future.
The various sports events
also appeared to benefit
from the suggestions and skill
contributed by the juniors.

After waiting a year
to gain some prestige, the

Sophomores

realized that they finally
had some weight
to throw around.

Feeling superior
to the freshmen,
a few sophomores
attempted to show off
their mental ability
and physical prowess.

But the sophomores were often
dwarfed by the juniors
and seniors who also
decided to prove themselves
in this highly competitive world.

Waking up early in the morning in order to arrive at school by 7:00 a.m. the

Sophomores

were often drowsy and sleepy during their first few periods. Attempting to subdue their drowsiness by either walking briskly to school or by paying strict attention to their first period teacher, the sophomores were concerned about the impressions they made. No longer freshmen, the sophomores felt that they had to live up to the small distinction of being the lowest upperclassmen.

A growling stomach
is always a source of embarrassment
to any member of any class,
but perhaps the

Sophomores

were a bit more embarrassed
than any other class.
Trying to appear sophisticated
and grown-up
because they were no longer freshmen,
the sophomores
either bravely attempted
to ignore the faint rumblings
from their midsections,
or they took advantage
of the elongated snack break
and had something to eat.

With only forty-five minutes
spent in each class, the
Sophomores
realized that the shorter periods
often resulted
in more assigned homework.
Getting out of school
in the late morning,
many sophomores were too young
to hold a job.

As a result,
they seemed to have endless amounts
of homework to complete.
Actually, the sophomores received
the same amount of homework,
but they had little or no diversion
in their second year of high school.

Most of them needing
or merely wanting a job, the

Sophomores

were somewhat disappointed
to find that they were either too young
or too inexperienced
to hold a job.

Many of the jobs
for which the sophomores applied
were taken either by juniors
or seniors.

With nothing but homework
to fill in the long afternoons,
many sophomores decided
to apply for volunteer
or babysitting jobs, which,
for some reason, are readily available.

Thinking about their future, a few

Sophomores

began to prepare themselves
for college.
After a year
of little more than orientation
some sophomores enrolled
in college prep classes
which enabled them
to sufficiently ready themselves
for whatever level
of higher education
they decided to pursue.
Realizing that the final years
of high school pass rapidly,
some sophomores decided
to begin thinking about the future.

Underneath their seemingly calm and assured exteriors, a large number of

Sophomores

were actually childish and a bit scared. As upperclassmen, the sophomores knew that they were expected to act sophisticated and scholarly, but they occasionally experienced an uncontrollable urge to do something dumb. A afraid of being seen by somebody older and wiser, the sophomores were capricious behind closed doors.

Emerging from the final stages
of childhood, the

Class of '74

began to realize
that their present actions
would determine their future.

Reaching out to each other
for encouragement and ideas,
the freshmen seemed
to face the future
with an optimistic attitude.
Concerned about the success
of their future, occupations,
they began to notice
their surroundings
and ask themselves questions
about their goals in life.

As a result
of the split-session schedule used
this year, the

Freshmen

were actually separated
from the upperclassmen.
Arriving at school in the late morning
and leaving in the late afternoon,
almost one thousand freshmen had
little or no opportunity
to meet the upperclassmen
during school hours.
This was rectified, however,
by the frequent dances
and sports events
which were open

FOOD and goodies were prepared and eagerly eaten in Sue Blass's sixth period cooking laboratory.

A winning combination of size, speed, and talent enabled the

Freshmen

Football Team to come through with an outstanding season. Withstanding the rigors of practice, the sixty-four boys dedicated themselves to their school for this cause. Even though there were a few who played more than others, the quality that made the team successful was the ability of substitutes to step in and take up the slack when someone on the field was not performing well.

ALMOST HALF OF MIGUEL'S Marching Band members are Freshman shown here during the Band Jamboree at Aztec Bowl.

Perhaps the most enthusiastic and ebullient class on campus, the

Freshmen

displayed a large amount of school spirit.

Their presence was marked at various school activities by their unselfish willingness to participate without hesitation. Reaching out to each other for support, the freshmen found that they were very strong.

By purchasing twice as many ASB cards than any other class, they demonstrated their unity and strength.

Although most people
consider them to be
too young and immature
to care about anything important,

Freshmen

often prove themselves
to be different than expected
by showing some interest
in local and world events.

One of the aspects
of living today
that interests freshmen is ecology.

They are concerned
about the condition
of their environment today
and the condition of the world
they will inhabit tomorrow.

Concerned about the growing number of young people experimenting with drugs, a drug education class was started for the

Class of '74.

Instructed by James Dalrymple. The members of the class learned about various types of drugs and their effects. The drug education class, which was started at Mount Miguel only two years ago, is a required class for all freshmen at Mount Miguel.

The mechanical conveniences
which have become
a necessary part of our lives
are capable of making mistakes.
This being the case,
all the people appearing
on this page are offered an

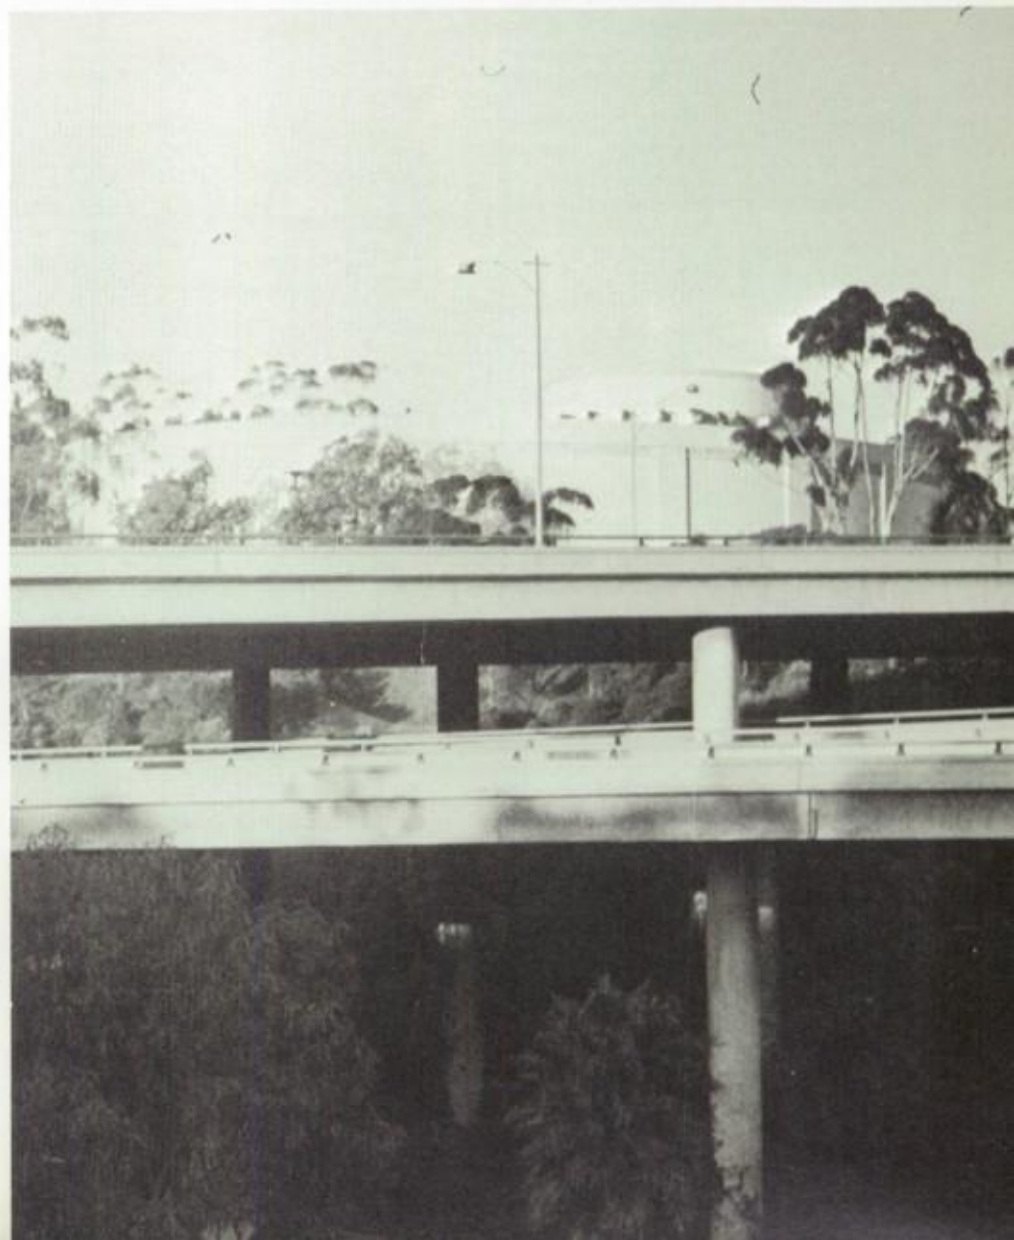

Apology.

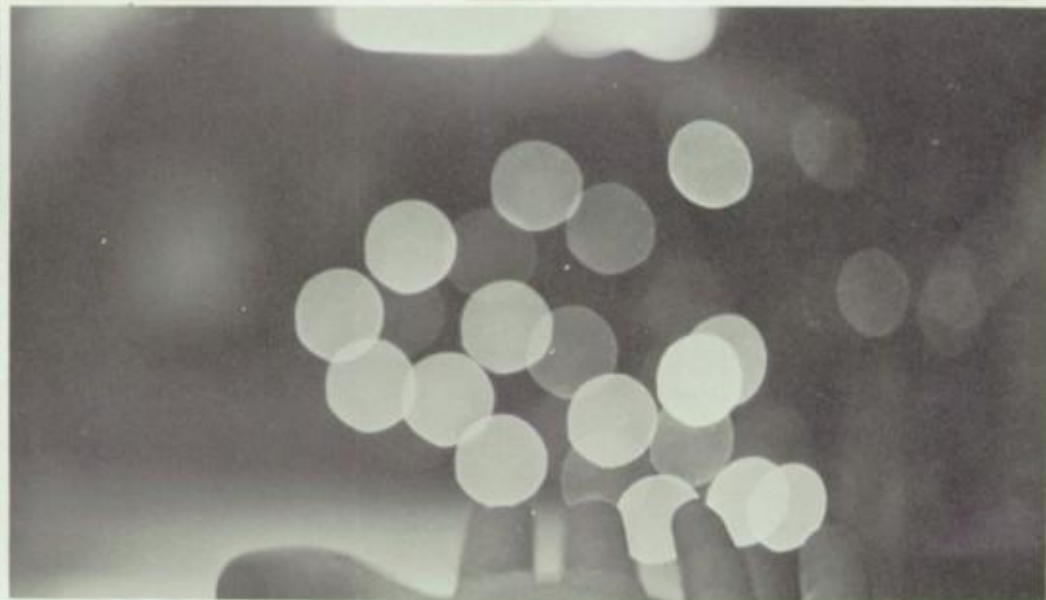

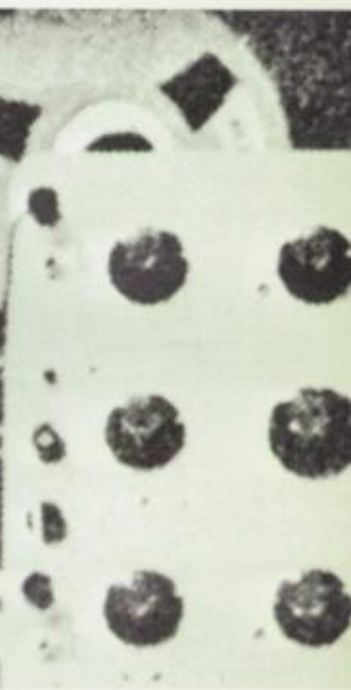

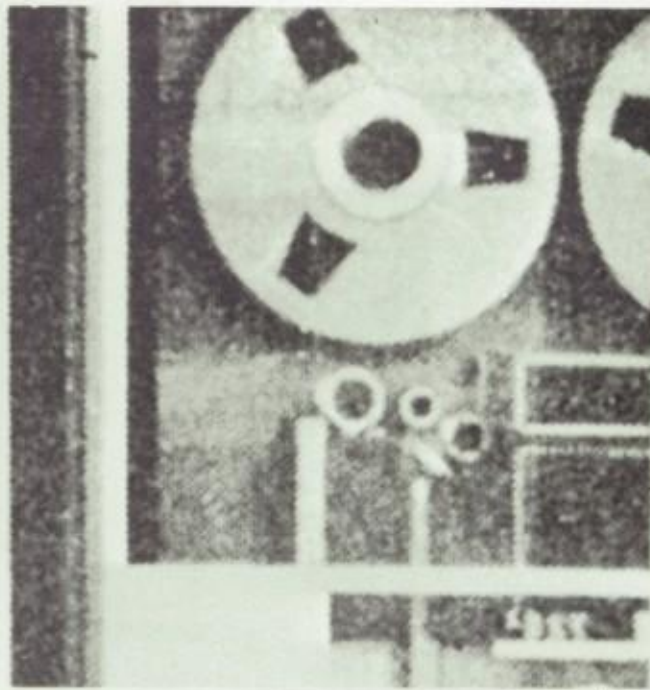

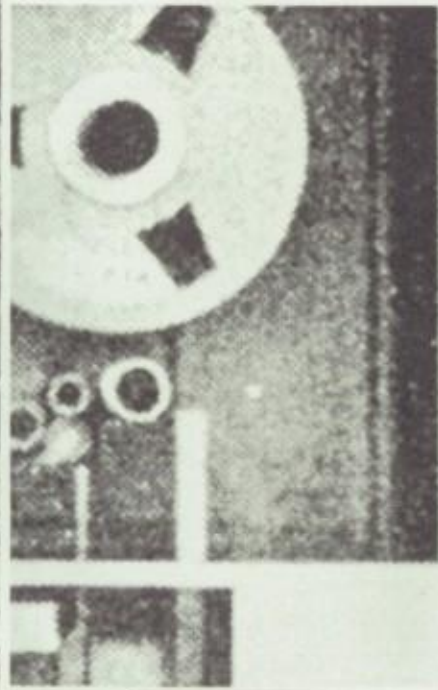

We realize that mixing
juniors, sophomores, and freshmen
is contrary to organization
in this book,
and we are sorry.
Sometimes mistakes can
be corrected
but in this case,
it is beyond our control.

Ecological pollution?
What is it?
How does it concern you
as an individual?
Who is to blame for the
dangerous predicament
we are in? Is
there anyone to blame?
Are man's mind
and body being polluted as well
as well as his environment?
What are you willing to do
about it?
What can one do about
the situation?
Is it too late to do
anything about it?

In memory of

Richard Ridgway,

basketball coach
for thirteen years.

During the past year, twenty-seven people (most of whom are pictured) have been hard at work on this yearbook with hopes that you will enjoy it. I would like to extend a

Thank You

to everyone who did help put this book together. A special thanks goes to Lowell Plinke who advised us through thick and thin. Thanks to American Yearbook Company and their representative John Thomas, and to Florence Arts and Reyman Photographers.

Advisor Lowell Plinke

What is my place on this earth?
Is there a God?
What purpose is there to life?
Universal questions.
Are there universal answers?
No, each must find his own answers.
You must find your answers as I
must find mine. I have started to
to find my place in this world.
I feel lost and alone
in a meaningless world
in an endless search for nothing.
Is this all life has in store
for me? for you? Can life offer
anymore? Is the only peace
of mind death?

Reach out
REACH OUT!

and search for the truth.
What is true?
Search for meaning.
Search for life.
Reach out!

Gene,
lets been
nice knowing
you, ever since
he was in 7th grade.
Have a nice summer.
Good luck
Lynn Peter
